

“Advanced Resources for Law Enforcement Civil Process Management.”

The screenshot displays the Agisnt Civil Process module interface. On the left, there are navigation menus for 'Civil Stats', 'Key Indicators', and 'Types of Paper'. The 'Civil Stats' section shows a 'Total' dropdown and a list of metrics. The 'Key Indicators' section lists various financial and activity metrics. The 'Types of Paper' section shows a list of paper types and their counts.

The main area features a 'Papers Processed (last 30 days)' bar chart and a 'Paper History (last 6 months)' bar chart. The 'Paper History' chart shows a significant spike in activity around May 01, 2019, with a value of 220. Other bars are labeled with dates like Apr 27, Apr 29, and May 03.

A detailed view of a 'Civil Paper - #19-CF-197' is shown, with tabs for 'General', 'Parties', 'Activity', 'Billing', 'Disposition', 'Attachments', and 'Notes'. The 'Billing' tab is active, showing a table with columns for 'TOTAL MILEAGE', 'FEE PER MILE', and 'TOTAL MILEAGE FEE'. The values are 0.00, \$ 0.50, and \$ 0.00 respectively. Below this, there are several buttons for actions like 'Post a Payment', 'Process Returned Payment', 'Add Miscellaneous Fee', 'Waive Fees', 'Issue a Credit', 'Generate Write-off', 'Issue Refund', and 'Generate Statement'. A 'manage fees' button is also present.

On the right side, there is a 'Recently Issued' section and a 'TRANSACTION SUMMARY' section. The 'TRANSACTION SUMMARY' section includes fields for 'Total Fees', 'Total Payments', 'Total Credits & Adjustments', and 'Total Balance Due'. Below this is a 'Civil Search' section with a search form containing fields for 'CASE NUMBER', 'DOCKET NUMBER', 'DATE ISSUED FROM', 'DATE ISSUED TO', 'COURT DATE FROM', 'COURT DATE TO', and 'COURT NAME'. There is also a 'PAPER TYPE' dropdown menu.

Agisnt’s Civil Process module provides all the tools necessary to track, manage, and report your agency’s civil processing.

Key Features

- End-to-end tracking of civil process documents
- Workflow management for assigning processes
- Track individual paper statuses
- Extensive reporting and export capabilities
- Supports predefined and custom fees
- Support for mileage-based fees
- Print receipts, statements, summary, detail reports, and more
