

Attenti Freedom Charger

Attenti's Freedom Charger connects to Attenti's one-piece device and provides the participant the ability to charge on-the-go.

Developed to reduce battery alarms, the design includes "snap and go" technology – for easy charging capabilities.

While you can't control the environment of your participants, you can take steps to help them succeed by providing a little extra power!

Key Features:

Charge On-The-Go – Allows user to fully charge their one-piece device without having to plug into a wall

"Snap and Go" Technology – Proprietary charging device snaps onto the one-piece and is held by magnets

Multiple Charges – Holds 1½ charges for usage on demand
