

UltraRugged™ Printer Mount System

Finally, a mobile printing solution designed for officer safety, comfort and efficiency

- Patented, space-saving design for unrestricted interior access and easy paper roll changing
- Attaches to factory headrest – no modifications or special tools required
- Allows full access to console space, electronic equipment, cup holders and center-mounted long arms

Proudly Made in the USA, Limited Lifetime Warranty

- No universal mounts – every component is designed and engineered for the specific printer and vehicle model enabling precisely located, safe and secure installation
- Precision machined 6061 T6 billet aluminum components
- Crash tested at University of Michigan's Transportation Research Institute to ensure unrestricted use of front passenger seat

Printer mount solution is compatible with Brother RuggedJet 4" and PocketJet 8.5" Printers
