

Installed in Mitsubishi Outlander Hybrid supervisor vehicle, with a laptop.

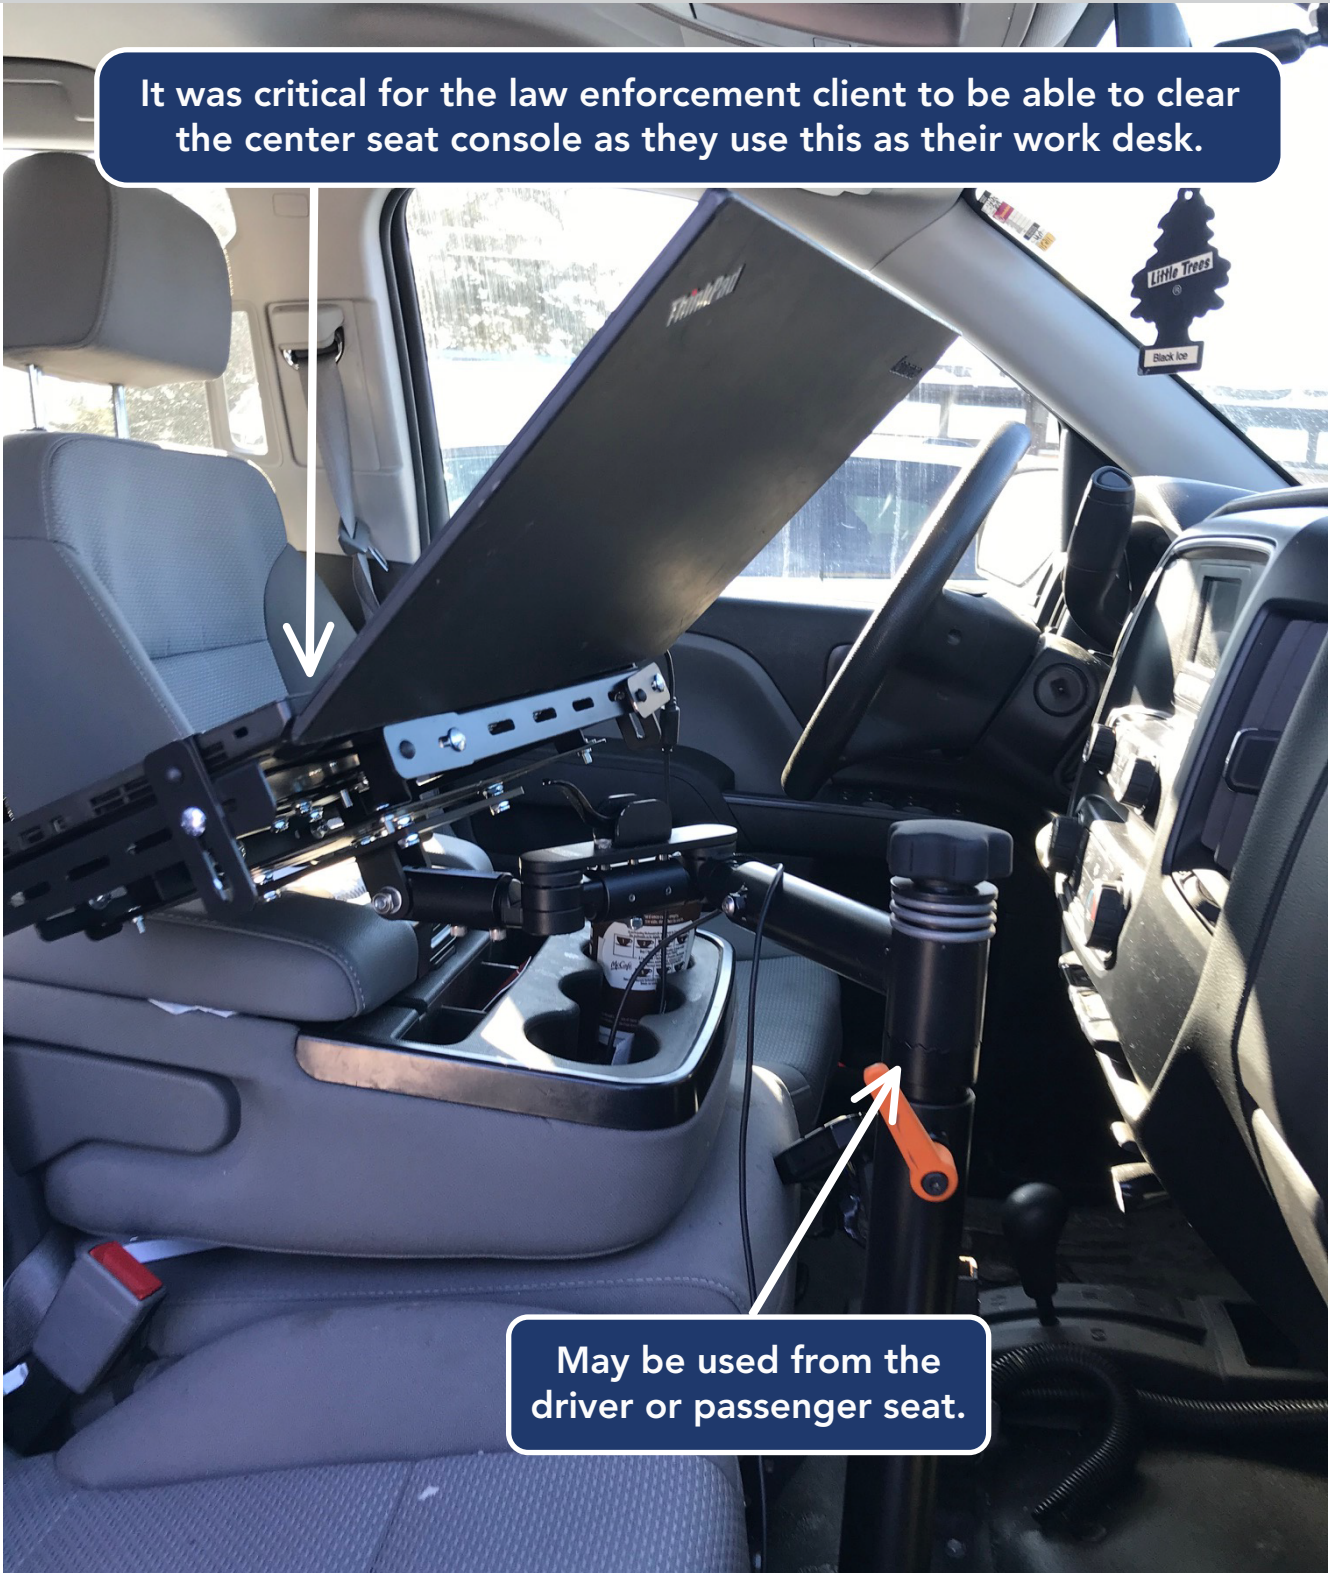

Note the center console not cluttered:
easy reach of the transmission lever, radio and dash controls.

Any make / model of laptop, PC tablet or keyboard may be mounted to the Raca units.

Shown is the RACA floor mount with a 15" laptop installed in a Ford 250.

It was critical for the law enforcement client to be able to clear the center seat console as they use this as their work desk.

May be used from the driver or passenger seat.

Any make / model of laptop, PC tablet or keyboard may be mounted to the Raca units.

Note how the PC Tablet with docking is installed on the rear of the RACA arm, while the rugged keyboard on the front.

Any make / model of laptop, PC tablet or keyboard may be mounted to the Raca units.

Any make / model of laptop, PC tablet or keyboard
may be mounted to the Raca units.
