# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

## Section I

### Pre-Bid Procedures

#### 1.0 PURPOSE

The North Carolina Sheriffs' Association (NCSA) invites interested vendors, including Dealers/Certified Representatives to submit responses in accordance with these solicitation documents. The NCSA will serve as the "Contract Administrator" in the solicitation process and the administration of the resulting contract. The purpose of this solicitation for Bids is to establish a contract with manufacturer's authorized dealers for the purpose of providing 2018/2019 Heavy Equipment on a "no trade-in basis."

**Trade-ins are not addressed in this contract. If an agency has a desire to offer Heavy Equipment for trade to the dealer, the agency and dealer may do so at their sole discretion, separate and apart from this contract.**

#### 1.1 DEFINITIONS

The following terms are defined as the follows:

- a) Heavy Equipment Procurement Program (HEPP) – A program managed by the NCSA for the purpose of providing public procurement of quality goods to support effective and efficient government ensuring the prudent use of public funds. The primary goals of the HEPP are:
  - Providing efficient delivery of products and services;
  - Obtaining best value through competition;
  - Offering fair and equitable competitive contracting opportunities for suppliers; and
  - Maintaining public confidence through ethical and transparent procurement practices.
- b) Contract Administrator – The NCSA employee who is responsible for administering the contract solicitations and administration process for the Heavy Equipment Procurement Program.

- g) VEBA Administrator – An employee of "Liquifusion" (the creator of VEBA) responsible for maintaining VEBA and for distributing VEBA usernames to participating Bidders.
- h) Bid – A competitive Bid procedure initiated through the issuance of a solicitation for Bids. The term "Bid" as used herein, shall not include request for proposals, request for qualifications, request for letters of interest, or the solicitation of price orders based on oral or written quotations.
- i) Bid Title – The Bid title consists of the Bid number assigned to each contract term by the NCSA.
- j) Bidder – The entity that submits a Bid and documentation to the NCSA Contract Administrator in accordance with the terms and conditions contained herein.
- k) NCSA Heavy Equipment Specification Notebook – A resource notebook provided to dealers that contains all Bid-eligible Heavy Equipment specifications during the existing contract term.
- l) Factory – The manufacturer or assembly line for Heavy Equipment.
- m) Dealer Option – A product or service provided by the dealer or third party but not the factory.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

- o) Fleet Final Order Date – The model year cutoff date by which Heavy Equipment must be ordered as set forth by the manufacturer.
- p) SubContractor or 3<sup>rd</sup> Party – An individual or business that contracts to perform part or the entirety of another individual or business's contract.
- q) MSRP – The manufacturer's suggested retail price, which represents the manufacturer's recommended retail selling price, list price, published price, or other usual and customary price that would be paid by the pricer.
- r) Total Recognized MSRP – Occurs when an NCSA requested option does not exist on the base model of the piece of Heavy Equipment as a free flow option contained in the manufacturer's order guide. This MSRP is generated by the creation of a new model that includes the requested NCSA option content. The Total Recognized MSRP is calculated as the differential between the dealer costs on the representative base piece of equipment versus total MSRP of the requested NCSA option modifying the piece of heavy equipment.
- s) Price List - Is an NCSA authorized alternative to a submitted bid for NCSA determined heavy equipment specifications. A Price List consists of the following required information: the dealer's percentage discount on equipment, percentage discount on attachments, and percentage discount on all pieces of heavy equipment within each pre-established lot.

## 1.2 ELIGIBLE CUSTOMERS OF HEPP

The HEPP is available to any and all units of local governments/political subdivisions including, but not limited to, county, local county board of public instruction, municipalities, other local public or public safety agencies or authorities, and any private university and college.

## 1.3 TERM OF CONTRACT

If awarded, a contract shall remain in effect until the next official NCSA contract is awarded. A contract may be renewed by mutual agreement between the NCSA and the Contractor, at the sole option and discretion of the NCSA, for up to two additional consecutive years, on a year to year basis.

Contract extensions will only be executed when conditions indicate it is in the best interest of the NCSA and the Customers.

In the event that the NCSA submits a request for Purchasing Lists from interested dealerships the term of each qualified, submitted Purchasing List shall remain in effect until the next official Purchasing List has been released by the NCSA. Contract extensions and roll-over options will not be offered for Price Lists.

In the event that a contract is continued beyond the term provided by mutual consent the contract shall be carried out on a month-to-month basis only and shall not constitute an implied renewal of the contract. Said month to month extension shall be upon the same terms of the contract and at the compensation and payment provided herein.

## 1.4 FUNDING

Funds expended by a Customer pursuant to this contract must be allocated by the individual Customer for each fiscal year included within the contract period. Therefore, the contract shall automatically terminate without penalty if such funds are not allocated.

## 1.5 COMMUNICATIONS

Communications between a Bidder, it's representative(s) and NCSA are limited to matters of process or procedure. Requests for additional information or clarifications must be made in writing to the NCSA Contract Administrator no later than five (5) calendar days prior to the scheduled Bid opening date.

During this solicitation for Bids period, all questions/communication will only be accepted in writing made directly to the NCSA Contract Administrator. All

---

questions and communications, and their associated responses will be posted to the VEBA website.

The NCSA will issue replies to inquiries and any other corrections or amendments it deems necessary in written addenda issued prior to the deadline for submitting a Bid.

Bidders should not rely on representations, statements, or explanations other than those made in this solicitation for Bids or in any written addendum to this Bid. Bidders should verify with the NCSA Contract Administrator prior to submitting a Bid that all addenda have been received.

## 1.6 REFERENCES

If requested by the NCSA, Bidders shall furnish the names, addresses, and telephone numbers on company letterhead of a minimum of five (5) firms or government organizations for which the Contractor is currently providing or has provided similar services. Two (2) of the references must be government related.

A dealer participating for the first time in government fleet sales/Bidding may be considered exempt from this requirement if they can demonstrate to the satisfaction of the NCSA Contract Administrator that they have the appropriate facility, staffing, and financial resources to support the contract should they receive an award. See Section 1.7 Bidder Qualifications.

All references must be received by the NCSA no later than five (5) business days from the deadline to submit electronic Bids.

## 1.7 BIDDER QUALIFICATIONS

In order for Bids and Price Lists to be considered, new Bidders to the NCSA's Heavy Equipment Procurement Program must submit with their Bid or Price List, evidence that they are qualified to satisfactorily perform the specified service. Evidence shall include all information necessary to certify that the Bidder maintains a permanent place of business; is an authorized distributor of the items specified in their proposal; has not had sustained claims filed against the Bidder

---

or the Bidder's firm; and has provided similar type products or services previously. The evidence also will consist of listings of contracts for similar products or services that have been provided to public and private sector clients within the last three (3) years, and letter(s) from the manufacturer that the Bidder is an authorized distributor for the proposed manufacturer. See Section 1.12 Submittal of Bid.

## 1.8 LATE BIDS

At the time, date, and place indicated in the published Bid Calendar, the Bids and Price Lists will be opened. Any Bid(s) or Price Lists received after the time and date specified will be rejected by the NCSA and the VEBA System and all documentation will be returned to the Bidder unopened. An electronic Bid is considered received by the NCSA when a Bidder saves their base piece of Heavy Equipment and option pricing on the VEBA website. All electronic Bids are final at the date and time the VEBA website closes. A paper Bid is considered received by the NCSA when the Bid is stamped received by the Cooperative Bid Coordinator. For the purpose of a timely Bid, the Bid entered into the VEBA system at the time the system closes for the Solicitation to Bid controls.

The responsibility for submitting a Bid and/or Price List before the stated time and date deadline is solely and strictly the responsibility of the Bidder. The NCSA is not responsible for delays caused by mail, courier service, including US Mail, or any other occurrence.

## 1.9 VEBA

VEBA is the NCSA's Vehicle Equipment Bid Award System. Access to the system requires a login and user password. To obtain a login and password, dealers must complete the annual registration form provided on the NCSA website. Once received by the VEBA administrator, the dealer will receive their login and a temporary password. Dealers are required to change their initial password at the time of their first login.

All prospective Bidders are encouraged to download and review the instructions located on the home page of the VEBA website each year to obtain the most

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

current terms and conditions of the contract as well as instructions for entering Bid specifications and pricing.

Questions, including VEBA user name and passwords, regarding the use of the VEBA website should be addressed to the Cooperative Bid Coordinator at [kmitman@ncsheriffs.net](mailto:kmitman@ncsheriffs.net).

## 1.10 SEALED BIDS

All documents listed in section 1.12 of this document, as well as any other pertinent documents, must be returned to and stamp-filed by the Cooperative Bid Coordinator in order for the Bid or Price List to be considered for award. All Bids are subject to the terms and conditions specified herein.

All Bids and Price Lists must be submitted with the attached Specifications and Bid Form (NCSA Form 1) and all blanks filled in. To be considered a valid Bid, the ORIGINAL AND ONE (1) COPY of the Bid package, and all required submittal information, must be returned, properly completed, in a sealed envelope.

All Bid forms must show the company name and be manually signed (no rubber stamps, facsimile signatures, etc) in ink by a dealer principal and an employee who has the authority for Bid submission, if such employee is not a dealer principal. Unsigned Bids will be rejected.

The completed Bid must be submitted in a sealed envelope clearly marked with the Bid Title to the NCSA (NCSA), Attn: Kaylyn Mitman, Cooperative Bid Coordinator, Post Office Box 20049, Raleigh, North Carolina 27619.

## 1.11 NCSA ADMINISTRATIVE FEES FOR ALL SPECIFICATIONS

Dealers must include a three quarters of one percent (.0075) administrative fee in their base Bid prices, and their quotes and pricing for all additional equipment items (options), excluding any state regulated fees including tags. The three quarters of one percent fee will be incorporated into, and made a part of, the total invoice amount and shall not be treated or added as a separate line item. Fees

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

are based on the total invoice cost of the new Heavy Equipment or equipment, excluding trade-ins. Trade-ins and other exchanges will not reduce or impact the fee calculation. No other administrative fee(s) will be applicable to any transaction relative to the contract.

## 1.12 SUBMITTAL OF BID AND PRICE LIST

Bidders must submit their Bid and/or Price List electronically via the NCSA's Vehicle Bid Award System (VEBA) and must also submit a hard copy of the Bid and/or Price List to the NCSA with all appropriate attachments.

Bidders must Bid a requested NCSA option by first offering the requested item if available from the factory. If this option is satisfied by the addition of a manufacturer's package that contains other items then it must be indicated in VEBA in the option line as designated by "optional equipment please specify" and verifiable via audit. If the package offered to satisfy the request requires another factory option then that factory option must also be indicated and referenced in the available optional equipment spaces of the VEBA website. If the item is a package and available as a free flowing option to the base piece of equipment then the manufacturer's MSRP governs and becomes the ceiling price. If the item is a package that changes the manufacturer's model number then the recognized MSRP computation will govern and define the ceiling price.

Bid prices are to be rounded down to the nearest dollar. Bids can be entered more than once, however, only the last Bid entered into the VEBA system before the Bid solicitation is closed will be considered in the award process. If a paper Bid is received without a corresponding electronic Bid, the Bid package will be rejected.

Each Bidder is responsible for ensuring that his or her Bid is submitted before the deadline outlined in the Bid Calendar. Late Bids will not be considered and VEBA will not accept Bids after the due date and time specified in the Bid Calendar. If an electronic Bid is not submitted by the date and time specified on the Bid Calendar, the Bid is rejected. If the electronic Bid is submitted on time, but the paper Bid is not stamped received by the date and time specified on the Bid Calendar, the Bid is rejected. See Section 1.8 Late Bids.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

In addition to submitting the Bid and/or Price List via the VEBA system, one original and one exact copy (includes divider tabs) of the Bid package in separate 3-ring VIEW binders (not report folders) must be delivered to:

Kaylyn Mitman  
Cooperative Bid Coordinator  
North Carolina Sheriffs' Association  
Post Office Box 20049  
Raleigh, North Carolina 27619

The Specifications and Bid Form (NCSA Form 1), available on the VEBA website, must be completed with the dealership name, contact person signature, telephone number and mobile phone number. The Bidder must check the appropriate box indicating whether the submittal is an Original or Copy. The cover sheet must be placed in the front cover sleeve of the 3 ring binder.

Separate Bid packages must be submitted for each individual dealership for which a Bid and/or Price List was submitted through VEBA. If a dealership is bidding on separate pieces of heavy equipment from different manufacturers, the dealership must submit separate Bid packages for each manufacturer. The Bid package must include:

- Specifications and Bid Form (NCSA Form 1)
- A printed copy of the submitted Bid and/or Price List (printed after final electronic Bid submission takes place)
- Manufacturer's print out for each piece of heavy equipment on which a Bid is submitted. The manufacturer's print-out shall indicate an order code for the manufacturer's base model, all standard equipment, and any optional components required to provide the base piece of heavy equipment as outlined in the Bid solicitation. Dealer installed aftermarket components are required to meet the base piece of heavy equipment specified and must be identified, in writing, on the manufacturer's printout.
- For specifications that do not produce a manufacturer's print-out, the Bid package must include manufacturer's documentation that includes

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

standard equipment and such other information that provides verification that such item meets the base specifications.

- Solicitation for Bids and Terms and Conditions Signature Page (NCSA Form 2). Bidder must complete the Signature Page in its entirety, and must indicate by signature on the form that the Bidder has read and understands the provisions contained in this Solicitation for Bids.
- The paper version of the Bid package must be received by the NCSA by the date and time specified in the Bid Calendar. The Bid will be considered received when it is stamped as received by the Cooperative Bid Coordinator. Failure to meet all submission requirements by the dates indicated in the Bid Calendar will result in rejection of the Bid. See 1.8 Late Bids.
- By virtue of its Bid submission, Bidder acknowledges its obligation to sell Heavy Equipment for which the dealer is awarded.

## 1.13 BID OPENING AND ELECTRONIC POSTING OF NOTICE OF INTENDED AWARD

Bids will be opened at the date, time, and place indicated in the Bid Calendar and will be evaluated thereafter. Although prices will not be read aloud, Bidders may attend, but it is not a requirement.

The NCSA Cooperative Bid Coordinator will electronically post the initial Bid tabulation results and any and all awards on the VEBA website according to the time table outlined in the Bid Calendar.

If the posting of the initial Bid tabulation results is delayed, the NCSA Cooperative Bid Coordinator will post a notice of the delay on the VEBA website and will give a revised date for posting of results.

## 1.14 BID EVALUATION CRITERIA

Eligible responsive Bids will be evaluated to determine if all contract Bid requirements are met. Bids that do not meet all contract requirements of this solicitation, or fail to provide all required information, documents, or materials may be rejected as nonresponsive.

A Bidder must have the necessary facilities, personnel, and expertise, and must be prepared, if requested by the NCSA Contract Administrator, to present evidence of such experience.

The NCSA Contract Administrator reserves the right to investigate or inspect at any time during the Bid award process, and the contract period, whether the product, qualifications, or facilities offered by the Bidder meet the contract requirements.

Bidders, whose Bids, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the contract may be rejected as nonresponsive. In determining past performance, the NCSA Contract Administrator will give consideration to the nature and number of complaints received from Customers regarding a previously awarded dealer. The NCSA Contract Administrator may use discretion in determining which Bids meet the contract requirements of this solicitation, and which respondents are responsive and responsible.

**The NCSA Contract Administrator may use discretion in accepting or rejecting any and all Bids, or separable portions thereof, in whole or in part; and/or make or limit awards either as individual items or as a total combined Bid; and to waive any minor irregularities, technicalities, or omissions if determined that doing so will serve the best interest of the local government agencies of the State of North Carolina irrespective of the lowest Bid. The NCSA Contract Administrator may reject any responses not submitted in the manner specified by solicitation documents.**

---

## 1.15 BASIS FOR AWARD

The NCSA Contract Administrator will award the Bid to the lowest and best responsive Bidder by specification and by manufacturer. The award will be determined by the price of the Bid, qualifications based on a dealer's facilities and financial resources, and demonstrated ability to perform the work in a satisfactory manner.

Bidders who routinely demonstrate deficiencies in providing satisfactory customer service per the NCSA's discretion during a contract period prior to the issuance of this Bid, may have their Bid rejected in this Bid cycle. In cases where the manufacturer is at fault, the dealer must provide evidence of timely communication to the complainant and to the NCSA.

Bidders are hereby advised that the NCSA Contract Administrator may use discretion in rejecting any Bid proposal not considered to be competitive in nature based on the best pricing information available.

Bidders must offer percentage discounts for equipment, attachments, and accessories. The percentage discount amount on attachments and accessories may be different from the percentage discount on equipment in the same lot, but must meet the required minimum discount described herein.

For the purpose of the program's Terms and Conditions attachments and accessories are defined as follows:

**Attachments:** items that enhance or contribute to the performance of the piece of equipment. An example includes, but is not limited to, side mowers.

**Accessories:** Items that are added to equipment that provide user comfort or aesthetic value, but do not enhance or contribute to the performance or functionality. Examples include, but are not limited to, radios, air conditioning, etc.

Multiple awards will be made however awards will only be made to the lowest and best responsive bidder (s) for each manufacturer's product line offered.

Failure to properly sign and submit the Solicitation for Bids and Contract Terms and Conditions Signature Page will invalidate the Bidder's submission and it shall NOT be considered for award. All Bid forms must be completed in pen and ink or typewritten.

Heavy Equipment specifications CANNOT be changed or altered in any way. Altered Bids will not be considered after the VEBA system closes for Bids and Price Sheets. ## 1.23 NO BID

If a dealer is not submitting a Bid or a Price Sheet the dealer must respond to the NCSA by returning the No Bid Form (NCSA Form 5), and explain the reason for not bidding. The No Bid Form must be stamped received by the NCSA before the deadline for Bid submissions.

## 1.24 MISTAKES

## 1.26 EQUIVALENTS

The term "Approved Equivalent" is used to allow a Bidder to Bid components or equipment that are equal to the components or equipment described in the detailed specifications. The NCSA shall have the sole authority to determine the suitability of approved equivalents.

Catalog numbers, manufacturers' and brand names, when listed, are informational guides as to a standard of acceptable product quality level only and should not be construed as an endorsement or a product limitation of recognized and legitimate manufacturers. Bidders shall formally substantiate and verify that product(s) offered conform with or exceed the quality listed in the specifications.

If the Bidder offers a make or model of equipment or supplies other than those specified in the Bid specifications, the Bidder must so indicate in the Bid submittal.

Specific article(s) of equipment/supplies shall conform in quality, design, and construction with all published claims of the manufacturer. **NO BIDS WILL BE CONSIDERED WITHOUT THIS DATA.**

Dealers offering alternate makes or manufacturers of Heavy Equipment not specifically identified in the specifications cannot offer the equipment as an "add option" to satisfy the Bid specification and detail. Offerings of this nature will cause the Bid or Price Sheet to be rejected.

## 1.37 REQUESTS FOR CLARIFICATION AND ADDENDA TO BID SPECIFICATIONS

In case of doubt as to the meaning or intent of any items contained in the specifications, inquiry should be made to the NCSA Contract Administrator five (5) calendar days via e-mail. Telephone clarifications will not be accepted, and no clarifications will be accepted after the date listed in the Bid Calendar. All such requests for clarification must be made in writing and the person submitting the request will be responsible for its timely delivery.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

Any questions or clarifications concerning this Solicitation for Bids and Contract Terms and Conditions shall be submitted in writing by mail or facsimile to the NCSA, Business Development, Post Office Box 20049, Raleigh, North Carolina 27619 or by email to [jbennett@ncsheriffs.net](mailto:jbennett@ncsheriffs.net) with the Bid Title referenced on all correspondence.

Any interpretations will be made only by Addendum issued by the NCSA Contract Administrator. All addendums will be posted on the VEBA website.

There are two types of addendums, informal addendums and formal addendums. Informal addendums are issued to provide minor clarification or minimal changes to the Bid. An example of an informal addendum would be making a grammatical change to the Solicitation for Bids and Terms and Conditions. A formal addendum will be issued when substantive changes are made to the specifications or Bid process that will impact the technical submission of the Bids. An example of a formal addendum would be when a model is deleted from the specifications. In the event of conflict with the original contract documents, the addendum shall govern all other contract documents that relate to that issue. Subsequent addendums shall govern prior addendums on the same issue.

All Bidders will be required to acknowledge any formal addendums by signing in the space provided on the formal addendum and including the signed acknowledgement along with the Bidder's Bid package. Failure to acknowledge receipt of addendum by a Bidder will deem its Bid non-responsive; provided, however, that the NCSA may waive this requirement in its best interest. The NCSA will not be responsible for any other explanation or interpretation made verbally or in writing by any other NCSA representative.

## 1.38 DEMONSTRATION OF COMPETENCY

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

The terms “equipment and organization” as used herein shall be construed to mean a fully equipped and well established company in line with the best business practices in the industry and as determined by the NCSA.

The NCSA may consider any evidence available regarding the financial, technical, and other qualifications and abilities of a Bidder, including past performance (experience) with the NCSA in making the award in the best interest of the NCSA.

The NCSA may require Bidders to show proof that they have been designated as authorized representatives of a manufacturer or supplier which is the actual source of supply. In these instances, the NCSA may also require information from the source of supply regarding the quality, packaging, and characteristics of the products to be supplied to the NCSA through the designated representative. Any conflicts between this information provided by the source of supply and the information obtained in the Bidder's Bid which is contrary to or would alter a specification may render the Bid non-responsive.

If the NCSA determines, at any point in the Bid or contract award process, that the successful Bidder no longer possesses the financial support, equipment and organization necessary to comply with the demonstration of competency section, the NCSA may award the Bid to the next qualified Bidder.

## 1.39 DETERMINATION OF AWARD – LOWEST AND BEST BIDDER

The Contract Administrator shall award the contracts to the lowest and best Bidder. VEBA will tabulate the lowest Bidder on each Heavy Equipment specification. Even though a Bidder bids the lowest price for a piece of Heavy Equipment specification the Bidder may not receive the contract award.

Price Sheets - Multiple awards will be made however awards will only be made to the lowest responsible and responsive bidder(s) for each manufacturer's product line offered.

In determining the best Bidder, in addition to price, the following criteria will also be considered:

- The ability, capacity, and skill of the Bidder to perform the Contract

## 1.42 WAIVER OF INFORMALITIES

The NCSA reserves the right to waive any informalities or irregularities in this Bid solicitation.

## 1.43 COLLUSION

Related parties mean Bidders, or the principals thereof, which have a direct or indirect ownership interest in another Bidder for the same contract, or in which a parent company or the principals thereof of one (1) Bidder has a direct or indirect ownership interest in another Bidder for the same contract.

Bids from Related Parties – Where two (2) or more related parties each submit a Bid for any contract, such Bid or Bids shall be presumed to be collusive. Bids found to be collusive shall be rejected.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

Bidders who have been found to have engaged in collusion will be suspended for a minimum of one contract year. The Bidder may be permanently barred if collusive Bidding occurs more than once in a five year period. Any contract resulting from collusive Bidding may be terminated for default.

Dealerships and their representatives may submit multiple Bids without conflict of collusion as long as the Bid submitted is not from the same manufacturer and product line.

## 1.44 GRATUITIES

Bidders shall not offer any gratuities, favors, or anything of monetary value to any official, employee, or agent of the NCSA.

## 1.45 SIGNED BID CONSIDERED AN OFFER

In case of default on the part of the Contractor after the acceptance of the Bidder's offer, the NCSA may procure the items or services from other sources and hold the Bidder or Contractor responsible for any excess cost occasioned or incurred thereby.

## 1.46 TIE BIDS

Whenever two or more Bids, equal with respect to price, quality, and service, are received for the procurement of Heavy Equipments and equipment, the following order of preference shall be applied to select the successful Bidder:

- 1) If only one such Bid is submitted by a North Carolina resident Bidder, then preference shall be given to the Bid of the State resident.

- 2) Consideration will next be given to a dealer's track record with the Customer service they provide to government Customers.
- 3) Consideration will next be given to the dealer who has a qualified drug-free work program.
- 4) Consideration will next be given to the North Carolina HUB-certified Bidder; and
- 5) In all other cases, a tie will be resolved by tossing a coin. The coin toss process must be witnessed, and the results documented in the procurement file.

Only the above criteria will be considered when resolving a tie Bid.

## 1.47 DELIVERY TIME

Bidders shall specify on the attached Bid Form, the estimated delivery time for each item.

Each contractor will provide the customer with the most accurate timeline for delivery. It is incumbent on the contractor to provide the customer the estimated date for delivery at the issuance of the initial price order.

## 1.48 RIGHT TO AUDIT

The Contractor must establish and maintain a reasonable accounting system that enables the NCSA to readily identify the Contractor's fleet sales.

The NCSA, and its authorized representatives, shall have the right to audit, examine, and make copies of, or extracts from, all financial and related records (in whatever form they may be kept, whether written, electronic, or other) relating to or pertaining to this contract or agreement. Similarly, all government sales and potential eligible Customers' information will be available for review and kept by or under the control of the Contractor, including, but not limited to, records kept by the Contractor, its employees, agents, assigns, successors, and subcontractors. The Contractor shall at any time during the three (3) year period, whether during or after completion of this contract, and at Contractor's own expense make these records available for inspection and audit (including copies and extracts of records as required) by the NCSA when requested. The records shall be made available to the NCSA (subject to a three day written notice) during normal business hours.

NCSA, at its option, may select the Contractor's office or place of business or an offsite location for the audit. The NCSA may also allow the Contractor to provide financial records, together with the supporting or underlying documents and records, via email or telephone for audit at a time and location that is convenient for the NCSA.

The Contractor shall ensure the NCSA has this same right of access to information with Contractor's employees, agents, assigns, successors, and subcontractors. The obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Contractor and any subcontractors to the extent that those subcontracts or agreements relate to fulfillment of the Contractor's obligation to the NCSA.

If the audit identifies underreporting, overpricing, or overcharging (of any nature) by the Contractor to the Customer in excess of three (3%) of the total contract billings, the Contractor shall reimburse the NCSA for the total costs of the audit not to exceed \$5,000. If the audit discovers substantive findings related to fraud, misrepresentation, or nonperformance, the NCSA may recoup all of the costs of the audit work from the Contractor.

Any adjustments and /or payments that must be made as a result of any such audit or inspection of the Contractor's invoices and/or records shall be made

---

within a reasonable amount of time (not to exceed 90 days) from presentation of the NCSA's findings to the Contractor.

## 1.49 MODIFICATION/WITHDRAWALS OF BIDS

A Bidder may submit a modified Bid or Price Sheet to replace all or any portion of a previously submitted Bid or Price Sheet up until the due date and time when the VEBA system closes for Bids. No modifications will be accepted after the VEBA system closes at the Bid due date and time. No modified Bid submitted after the Bid due date and time of the paper Bid will be considered.

Bids and Price Sheets shall be irrevocable after three (3) business days from the date and time of the Bid due date when the VEBA system closes. Bids cannot be modified after the VEBA system closes, but can be withdrawn in writing within three (3) business days after the VEBA system closes. After the expiration of the three (3) day period, all Bids are final. If a contract is not awarded within 120 days from the opening of the Bids, any Bidder may withdraw their Bid.

Letters of withdrawal received outside of the timeframe listed above will not be considered.

The Bidder warrants by virtue of Bidding the quoted prices in their Bid response, that the prices will be good throughout the Bidding and contract award period.

## 1.50 EXCEPTIONS TO BID

Should a proposed Bid or Price Sheet not be able to meet one (1) or more of the requirements set forth in this Solicitation for Bids, and the Bidder is proposing alternatives to said requirements, the Bidder must notify the NCSA Cooperative Bid Coordinator's Office in writing at least five (5) days prior to the deadline for submission of Bids. The NCSA reserves the right to revise the scope of services via addendum prior to the deadline for receipt of Bids and/or Price Sheets.

## 1.51 PRICE MATCHING PREFERENCE

A price matching preference may be given to North Carolina resident Bidders on contracts for the price of equipment and Heavy Equipments.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

This preference will allow a qualified North Carolina resident Bidder to match the price of the lowest responsible nonresident Bidder, if the North Carolina resident Bidder's price is within five percent (5%) or \$10,000, whichever is less, of the nonresident Bidder's price. If the resident Bidder requests and qualifies for the price-matching preference, the resident Bidder will first be offered the contract award and it will have three (3) business days from being offered the contract by the NCSA to accept or decline the award based on the lowest responsible nonresident Bidder's price.

## 1.52 METHOD OF AWARD

Award of this contract will be made to the lowest and best Bidder. The NCSA will also identify the second lowest and best Bidder per specification to be utilized in the event the lowest and best Bidder is unable to fulfill their obligations as defined in Section 1.39 Demonstration of Competency. The NCSA reserves the right to make multiple awards if deemed in the best interest of the NCSA. See Section 1.15 Basis for Award (specific to Heavy Equipment).

## 1.53 AMENDMENTS TO SOLICITATION DOCUMENTS

The Contract Administrator retains the right to issue amendments to the Solicitation for Bids as appropriate and necessary. Notice of any amendment will be posted on the VEBA website. Bidders are responsible for monitoring the VEBA website for new or updated information concerning the Bid.

## 1.54 AMENDMENTS TO CONTRACTS

The Contract Administrator retains the right to add or delete any items from a Bid or resulting contract(s) when deemed to be in the best interest of the NCSA and the participating eligible Customers.

## 1.55 SPECIFICATION AND LOTS EXCEPTIONS, OMISSIONS OR ERRORS

Specifications and lots are based on the most current manufacturer literature available. Bidders should immediately notify the Contract Administrator of any

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

defects in the specifications or required submittal documents. All notifications of defect must be in writing and submitted prior to the request for clarification deadline.

Bidders are required to indicate in their Bid submissions those options which require additional equipment or model upgrade to obtain the original option. Bidder must also identify those options that are available as a part of a package or group. The factory codes listed in the “Prices” section of the Special Conditions must be used.

Failure of a Bidder to comply with these provisions will result in Bidders being held responsible for all cost required to bring the Heavy Equipment into compliance with the contract specifications.

## 1.56 OPTION PRICING FOR BIDS

Prices for options submitted by the Bidder for Heavy Equipment must include all applicable fees and charges not including installation. No additional charges and fees are allowable.

The Bidder shall offer a minimum 6% discount on options which shall be below the Manufacturer's Standard Retail Pricing (MSRP) or manufacturer's published catalog price for any factory add options included in the Bid submission. The amounts of discounts for each particular add option beyond the 6% discount shall be decided by the Bidder.

When add options listed are included in the base piece of heavy equipment, the Bidder must submit options as “included” or “standard (STD).” The Bidder must use proper factory codes for all factory add options. Options available through the factory MUST be bid and supplied to the Customer as factory options unless requested otherwise in writing by the Customer.

Options are intended to add or delete equipment and/or features from the base piece of heavy equipment specification, and to allow for an upgrade or downgrade to a manufacturer's model should not be made available for price separate from the base piece of heavy equipment. Bidders shall NOT use add or

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

delete options to create a piece of equipment that is different than the base unit called for in the specification.

The Bidder must indicate in their Bid submission any option requiring the price of other options, and also indicate options that are a part of another option. The codes listed in the “Prices” section of the Special Conditions must be used.

The use of Options to facilitate the sale of an alternate Manufacturer’s product, which is outside the scope of the written base specification, will be construed as non-compliant and the Bid will be rejected, in whole or part by the Bid Coordinator.

Example – Bidder CANNOT include option upgrades that result in the selling of a Heavy Equipment on one specification that is offered as a separate specification in the Bid solicitation.

Dealers are required to submit all available factory option pricing through the VEBA website at the time of the dealer’s Bid submission.

A dealer’s factory option pricing will not be a consideration when awarding a Bid. A dealer’s option pricing submission will only be used by the Customer when ordering Heavy Equipments from the Contractor.

## 1.57 FINANCIAL RESPONSIBILITY

The Bidder affirms by his or her signature on the contract signature page that he or she:

- Has fully read and understands the scope, nature, and quality of work to be performed or the services to be rendered under this Bid, and has the adequate facilities and personnel to fulfill such requirements.
- Accepts the financial responsibility associated with this Bid, and declares that he or she has the access to capital (in the form of liquidity or credit lines) in order to meet the financial demands of such award. In assessing financial responsibility, Contractor shall consider items such as the specifications Bid, and the quantity of specifications Bid, as well as timing of payment from Customers, which can be 45 days from receipt of invoice.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

- Assumes full responsibility that all Heavy Equipment delivered to the Customer are free and clear of all outside liens, encumbrances, security interests apart from the dealer floor plan or other dealer inventory finance security interest.

## 1.58 ZONE BIDDING

Bidders are allowed to direct their bid to one or more geographic zones depicted on the North Carolina zone map, which is included. A space within the bid section for each specification in VEBA is provided for the bidder to indicate zone bidding. In the absence of any indication to the contrary, all bids will be considered statewide. In addition to the four bid zones, as indicated on the zone map, all dealers will have a fifth option to bid in a separate category that will not charge the Customer a delivery fee.

Any quote by a dealer and/or manufacturer to an out of state local government agency will be the same base cost for the piece of heavy equipment quoted for all four North Carolina zones. For any non-North Carolina based customer (any local government agency outside the State of North Carolina), the dealership and/or manufacturer is responsible for negotiating all freight and related charges directly with the out of state local government agency at the time of the completion of the purchase order. The out of state local government agency may, in its discretion and prior to the signing of the purchase order, cancel an order if the cost of freight and related charges is prohibitive based on the allotted budget of the out of state local government agency.

---

In that event, the Customer shall compensate the Contractor in accordance with the agreement for all services performed by the Bidder prior to termination, net of any costs incurred by the Customer as a consequence of the default.

Notwithstanding the above, the Contractor shall not be relieved of liability to the Customer for damages sustained by the Customer by virtue of any breach of the agreement by the Contractor, and the Customer may reasonably withhold payments to the Contractor for the purposes of set off until such time as the exact amount of damages due to the Customer from the successful Bidder is determined.

All reprourement cost may be charged against the defaulting Contractor and may result in immediate removal from the RTPP.

Each person signing the contract warrants that he or she is duly authorized to do so and to bind the respective party to the contract.

## 2.3 PRICES SHALL BE FIXED AND FIRM FOR TERM OF CONTRACT

If the successful Bidder is awarded a contract under this Bid solicitation, the prices quoted by the successful Bidder on the Bid forms shall remain fixed and firm during the term of the contract unless determined by the Contract Administrator that a change in price is in the best interest of the customer. ## 3.4 TERMINATION FOR CONVENIENCE OF THE NCSA

The NCSA, for its convenience, can terminate a contract, in whole or part, without cause by giving written notice to the Contractor of such termination, which shall become effective 180 days following receipt by the Contractor of such notice.

If a contract is cancelled, all documents related in any way to the Bid and award will be provided to the NCSA. All Heavy Equipment and materials shall be disposed of by agreement between Contractor and Customer.

The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the contract, if any. The Contractor shall not be entitled to recover any lost profits that the Contractor expected to earn on the balance of the agreement or cancellation charges.

## 3.5 INSURANCE AND INDEMNIFICATION

settle or defend any such action at the Contractor's sole expense. Contractor shall not be liable for any cost, expense or compromise incurred by the NCSA, or participating agencies in any legal action without Contractor's prior written consent, which shall not be unreasonably withheld.

The Contractor shall be responsible for his or her work and every part thereof, and for all materials, tools, appliances and property of every description, used in connection with this particular project. He or she shall specifically and distinctly assume, and does so assume, all risks of damage or injury to property or persons used or employed on or in connection with the work and of all damage or injury to any person or property wherever located, resulting from any action or operation under the contract or in connection with the work.

- The certificate must state the Bid number and title. Upon expiration of the required insurance, the Contractor must submit updated certificates of insurance for as long a period as any work is still in progress.

---

insurance the NCSA possesses that may apply to a loss resulting from the work performed in this contract.

All policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure. No deductibles will be allowed in any policies issued on this contract unless specific safeguards have been established to assure an adequate fund for payment of deductibles by the insured. The adequacy of the fund must be approved by the NCSA's Contract Administrator.

The liability insurance coverage shall extend to and include the following contractual indemnity and hold harmless agreement:

“The Contractor hereby agrees to indemnify and hold harmless the NCSA, a 501(c)(3) corporation, its officers, agents, and employees from all claims for bodily injuries to the public in and up to the amount of \$1,000,000 per occurrence and for all damages to the property of others in and up to the amount of \$1,000,000 per occurrence in accordance with the insurance requirement set out in the specifications of solicitations for Bids. This agreement includes costs of investigation, all expenses of litigation, including reasonable legal counsel fees and the cost of appeals arising out of any such claims or suits because of any and all acts of omission or commission of any by the Contractor, his agents, servants, or employees, or through the mere existence of the project under contract.”

The Contractor will notify his or her insurance agent without delay of the existence of the Hold Harmless Agreement contained within, and furnish a copy of the Hold Harmless Agreement to the insurance agent or carrier.

The Contractor will secure and maintain garage, commercial general liability and automobile liability policies of subcontractors. All policies shall

---

be made available to the NCSA upon demand. Compliance by the Contractor and all subcontractors with the foregoing requirements as to carrying of insurance and furnishing copies of the insurance policies shall not relieve the Contractor and all subcontractors of their liabilities and obligations under any section or provisions of this contract. Contractor shall be as fully responsible to the NCSA and the Customer for the acts and omissions of the subcontractor and of persons employed by them as he is for acts and omissions of persons directly employed by him.

Insurance coverage required in the specifications shall be in force throughout the contract term. Should any Contractor fail to provide acceptable evidence of current insurance within seven days of receipt of written request at any time during the contract term, the NCSA shall have the right to consider the contract breached and terminate the contract.

It is understood and agreed that the inclusion of more than one insured under these policies shall not restrict the coverage provided by these policies for an additional insured hereunder with respect to a liability claim or suit by another insured hereunder or an employee of such other insured and that with respect to claims against any insured hereunder, additional insured's hereunder shall be considered members of the public.

## 3.6 WARRANTY OF ABILITY TO PERFORM

The Contractor warrants that, to the best of his or her knowledge, at the time the contract is awarded there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its contract obligations. The Contractor warrants that neither it nor any affiliate is currently on the State Debarred Vendors list maintained by the North Carolina Division of Price and Contract, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the NCSA and the Customer in writing if its ability to perform is compromised in any manner during the term of the contract.

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

## 3.7 NON-CONFORMANCE TO CONTRACT CONDITIONS

Items may be tested for compliance with the specifications. Item(s) delivered that do not conform to the specifications may be rejected and returned at Contractor's expense. Any items not delivered as per the delivery date in the Bid and/or price order may be priced on the open market by the Customer. Any increase in cost may be charged against the Contractor.

Any violation of these provisions may also result in the Contractor's name being removed from the NCSA list of vendors who are allowed to Bid on upcoming contracts.

## 3.8 OPTION TO RENEW WITH PRICE ADJUSTMENT

Any contract may be extended for an additional two (2) years, on a year to year basis, if mutually agreed by both parties. NCSA is not required to accept a price adjustment for the upcoming year. Any allowable adjustment in price would be effective for the next contractual period not for the current period.

Prior to completion of each contract term, the NCSA may consider an adjustment to price due to increases or decreases on the Consumer Price Index; but in no event will the prices be increased or decreased by a percentage greater than the percentage change reflected in the nationally published Consumer Price Index-Goods and Services, computed 60 days prior to the anniversary date of the contract.

It is the Contractor's responsibility to request any pricing adjustment under this provision. For any adjustment to commence on the first day of any option period, the Contractor's request for adjustment should be submitted 60 days prior to expiration of the then current contract term.

The Contractor adjustment request must clearly substantiate the requested increase. If no adjustment request is received from the Contractor within the 60 day period, the NCSA will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period will not be considered.

---

The NCSA reserves the right to accept the renewal adjustment or to allow the contract to terminate and readvertise for Bids, whichever is in the best interest of the NCSA.

## 3.9 NON-PERFORMANCE

Contractor shall at all times during the contract term remain responsive and responsible to the Customer and the NCSA. In determining Contractor's responsibility as a vendor, the Contract Administrator shall consider all information or evidence which is gathered or comes to the attention of the agency which demonstrates the Contractor's capability to fully satisfy the requirements of the solicitation and the contract.

In some instances, Contractors may be required to develop corrective action plans to address contract deficiencies. In situations where there is evidence the Contractor, fleet sales manager or other representative has demonstrated egregious breaches of the contract or trust to either the NCSA or the Customer, the contract will be terminated, and the dealer and their representative will be removed from future solicitations for a period up to three (3) years. An egregious breach of contract would be defined as one that would materially change the specifications of the contract or prevent the contracted Heavy Equipments/equipment from being delivered to the Customer in a timely manner.

Failure to abide by corrective action plans will result in the contract being terminated and the dealer, and dealer's representative being barred from future competitive Bid solicitations at the discretion of the Contract Administrator.

Examples of conditions that would justify termination include, but are not limited to:

- failure to perform the responsibilities of the contract
- refusal to accept orders during the contract period while manufacturer orders are still being accepted for current model year and/or the new year if the Heavy Equipment is price protected by the factory
- charging amounts exceeding MSRP on factory installed items and packages

# North Carolina Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions 2018

---

- requiring the price of additional options over and above the base Heavy Equipment as a condition of acceptance of order
- providing aftermarket options where factory options are available without the consent of the Customer
- any misrepresentation of optional equipment or service as being “factory” that fails to meet the definition as described in this document
- any other practice deemed to be outside of the intent of the contract

Any Contractor, who is presented with a valid price order as a result of a Bid award for a contract, is required and bound to accept such price order and deliver the product; regardless of whether the Heavy Equipment is a base model or includes options at a higher cost. The Contractor must deliver this Heavy Equipment regardless of profit or loss based on their respective Bid. Failure to deliver said Heavy Equipments or equipment could result in the Customer and the NCSA seeking damages for the difference in cost by ordering the product from another Contractor, plus any legal fees and damages that may be incurred in the process to facilitate a completed order.

All terms and conditions are applicable throughout the term of the contract and not any given “year, make or model” period.

*Each report of a lost price order will be handled on a case by case basis.*

## 3.10 FACTORY INSTALLED

In the event a component(s) that does not meet the specifications is found to be installed on a Heavy Equipment before or after the Heavy Equipment has been accepted by the Customer, the Contractor shall be required to replace the Heavy Equipment with a Heavy Equipment that meets the required specifications, including all factory installed components. In the alternative, the Customer shall decide whether they will accept dealer installed components at the time of issuing the price order.

## 3.11 EQUITABLE ADJUSTMENT

The Contract Administrator may make an equitable adjustment in the contract terms or pricing at his/her discretion. Adjustments to pricing may occur for various reasons, such as availability of supply (i.e. material surcharge) and extreme and unforeseen volatility in the marketplace. Adjustments may be considered if all the following criteria exist:

1. The volatility is due to causes wholly beyond the Contractor's control
2. The volatility affects the marketplace or industry, not just the particular contract source of supply
3. The effect on pricing or availability of supply is substantial per NCSA's discretion.
4. The volatility so affects the Contractor that continued performance of the contract would result in a substantial loss for the Contractor

When a Contractor requests an adjustment, including but not limited to price increases, the following items must be submitted to the Contract Administrator:

1. A letter of request for an adjustment from the Contractor, including the specification number and model listed in the contract, along with the requested changes
2. When requested adjustment is based on production cutoff of a currently listed model, a letter of affirmation from the manufacturer
3. When a requested adjustment includes model changes, manufacturer's documentation of items included in the proposed model must be submitted in order to evaluate if the proposed model meets the base specification
4. Currently published MSRP listing

The Customer will be notified by the Contract Administrator of any price adjustment through electronic communication within one (1) business day. The Customer will have the option to continue with or cancel the price order based on the price adjustments.

Any additional information needed to complete this form should be obtained by contacting the Customer. The form may be modified to accommodate each Customer individually as necessary.

Deliveries will be accepted only between 8:00am – 3:30pm on Customer's normal work days. Transport deliveries must be unloaded and ready for inspection prior to 3:00pm. ## C. Liquidated Damages

- 1) Forced Majeure – Liquidated damages shall not be assessed for a delay resulting from the Contractor's failure to comply with delivery requirements if neither the fault nor the negligence of the Contractor or its employees contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that subcontractors or suppliers if no alternate source of supply is available to the Contractor. In case of any delay the Contractor believes is excusable, they shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either 1) within ten (10) days after the cause that creates or will create the delay first arose, if the vendor could reasonably foresee that a delay could occur as a

result, or 2) if delay is not reasonably foreseeable, within five (5) days after the date the vendor first had reason to believe that a delay could result. The foregoing shall constitute the Contractor's sole remedy or excuse with respect to delay.

## 3.14 HEAVY EQUIPMENT TRUCK INSPECTION, ACCEPTANCE, AND TITLE

Title to and risk of loss or damage to all items shall be the responsibility of the Contractor until acceptance by the Customer unless loss or damage results from negligence by the Customer.

If the materials or services supplied to the Customer are found to be defective or do not conform to specifications, the Customer reserves the right to cancel the order upon written notice to the Contractor. The Customer may return the product to the Contractor at the Contractor's expense.

## 3.15 ACCEPTANCE

It is the Customer's responsibility to thoroughly inspect the Heavy Equipment prior to acceptance. Copies of the Bid specifications and PO for the Heavy Equipment will be delivered with the Heavy Equipment. Customers are to inspect the Heavy Equipment and compare Bid specifications, PO and manufacturer's invoice to ensure the Heavy Equipment meets or exceeds the requirements of the technical Bid specifications and PO. Prices are to inspect the Heavy Equipment for physical damage upon delivery.

Delivery of Heavy Equipment to a Customer does not constitute acceptance for the purpose of payment. Final acceptance and authorization of payment shall be given only after a thorough inspection indicates that the Heavy Equipment meets contract specifications and the requirements listed below.

Should the delivered Heavy Equipment differ in any respect from the specifications, payment may be withheld, depending on the severity of the error, by the Customer until such time as the Contractor completes the necessary corrective action. Such service or adjustments shall be initiated by the Contractor within forty-eight (48) hours (not including weekend and holidays) after notification by a Customer. Delivery will not be considered complete until all service and/or adjustments are satisfactory and the equipment redelivered and accepted by the Customer.

The provisions of the delivery paragraph (Section 3.13B) shall remain in effect until the redelivery is accomplished and the equipment is accepted by the Customer. The cost of any transportation required shall be the responsibility of the Contractor.

---

of each month (following the end of the quarter) and should be sent by email to [kmitman@ncsheriffs.net](mailto:kmitman@ncsheriffs.net).

- All awarded Contractors MUST file a signed and dated quarterly report with their administrative fees. Should there be no activity during a given quarter, the Contractor is required to submit a report, and must indicate “no sales this quarter” on the report.
- No copies of POs are required to be filed with the quarterly report. They should already be on file.
- The report must be complete with the name of the dealer and the date. It is not necessary to indicate the quarter on the top of the report.
- All checks or EFTs for the administrative fee must be received by the NCSA no later than the 15<sup>th</sup> of each month following the closing of the quarter. Any delays in sending the administrative fees should be approved by the Contract Administrator.

All reports and fee deposits shall be subject to audit by the NCSA or their designee. Copies of Customer's original price orders will be used by the NCSA as a check and balance measure.

**Contractors that fail to submit fees and Quarterly Activity Reports will incur a \$25 per day late fee for every day that fees and reports are past due, beginning on the sixteenth (16<sup>th</sup>) day of the month following the end of the quarter.**

Such late fees are to be included in Contractor's fee submission. Late fees which are outstanding more than 45 days can result in a Bidder's disqualification in the following year's solicitation.

All notices for quarterly reports will be sent by the NCSA via email ten (10) business days prior to their due date – there will be no additional faxed or email reminders for Contractors to submit quarterly reports. All participating Contractors will be responsible for making sure that the Contract Administrator

---

has the correct email address for the person responsible for all quarterly reports. This information must be submitted to Kaylyn Mitman at kmitman@ncsheriffs.net.

Failure to submit fees with accompanying quarterly reports to the NCSA within 30 calendar days following the end of each quarter will result in the Contractor being found in default. A Contractor can be found in default if the Contractor fails to submit their sales summary reports even when there are no reported sales.

## 3.20 DEALER/CONTRACTOR INSTALLED EQUIPMENT

All Contractors' installed accessories shall be installed according to the manufacturer's specifications.

All Contractor installed accessories must be manufactured by a manufacturer recognized by the industry of the accessory provided, unless the accessory is not available from a recognized manufacturer.
