

## HOUSE BILL 562, Amend Firearm Laws

August 28, 2015

### \*AMENDED SUMMARY\*

On August 5, 2015 Governor Pat McCrory signed House Bill 562, Amend Firearm Laws, into law. This bill makes a number of changes to North Carolina's firearms laws, to include changes in the way sheriffs evaluate and process pistol purchase permits and concealed handgun permits. Below is a summary of these changes.

### **GENERAL FIREARMS PROVISIONS**

1. Effective July 1, 2015, a district attorney with a valid concealed handgun permit is permitted to carry a concealed weapon while in a courtroom. This provision allows a district attorney (but not an assistant district attorney) to carry not only a concealed handgun in the courtroom but also other concealed weapons, such as knives in the courtroom.
2. Effective July 1, 2015, any person employed by the Department of Public Safety who has a valid concealed handgun permit, and has been designated in writing by the Secretary of the Department, is able to carry a concealed weapon (including firearms and other weapons) anywhere in North Carolina that sworn law enforcement officers can carry a concealed weapon.
3. Effective July 1, 2015, an administrative law judge who has a valid concealed handgun permit is able to carry a concealed weapon (including firearms and other weapons) anywhere in North Carolina that sworn law enforcement officers can carry a concealed weapon.
4. Effective July 1, 2015, individuals may carry an ordinary pocketknife [as defined in N.C.G.S. § 14-269(d)] in the State Capitol Building or on the grounds of the State Capitol Building.
5. Effective July 1, 2015, a concealed handgun permittee can possess a concealed handgun on his/her person while in a vehicle on school property so long as the person remains in a locked vehicle and only unlocks the vehicle to allow the entrance or exit of another person. The permittee is also able to have a concealed handgun in a closed (but not necessarily locked, i.e. glovebox) container within the vehicle or within a locked container securely affixed to the vehicle. It is lawful for a concealed handgun permittee to remove a handgun from a vehicle on school property if done so in response to a threatening situation in which deadly force is justified.
6. Effective August 5, 2015, the Commissioner of Agriculture is authorized to prohibit the carrying of firearms on the State Fairgrounds during the State Fair. Individuals with valid concealed handgun permits are allowed to secure their handguns in their locked vehicles in the parking lot of the fairgrounds.

Individuals authorized to carry a firearm under N.C.G.S. § 14-269(b)(1),(2),(3),(4) or (5) are allowed to carry a handgun on State Fairgrounds during the State Fair. Examples of these categories of individuals are sworn law enforcement officers, military members carrying firearms in the performance of their duties, and judges and district attorneys with valid concealed handgun permits.

The Department of Agriculture, in consultation with the Department of Public Safety and the North Carolina Sheriffs' Association, is required to study the best method to allow persons with concealed handgun permits to carry concealed handguns from the parking lot to the entrance of the State Fairgrounds and how best to secure those handguns near the entrance to the State Fair.

7. A person who owns or operates a recreational shooting range in North Carolina is not able to be prosecuted criminally or sued civilly in any lawsuit related to noise or noise pollution resulting from the use of the shooting range, so long as the range is being operated in compliance with noise control laws in effect at the time the range began operating. These protections apply to any recreational shooting range, irrespective of when it began operating. This provision is effective July 1, 2015 but will not apply to any litigation pending as of that date.
8. Prior to this bill, convicted felons, whose firearms rights had been restored by a district court judge, could possess handguns, shotguns, rifles, weapons of mass death and destruction (for example, suppressors and short barreled rifles or short barreled shotguns) but not automatic weapons. With this change in the law, convicted felons, whose firearms rights are restored, can possess automatic weapons in addition to the other weapons listed above. This provision is effective August 5, 2015 and applies to restorations of rights granted before, on, or after that date.
9. Effective July 1, 2015, hunting is now allowed with short barreled rifles (rifles with a barrel length of less than 16 inches or an overall length of less than 26 inches) in addition to hunting with suppressors. All State and federal laws for the possession of these weapons must still be complied with.
10. Effective January 1, 2016, clerks of superior court, within 48 hours of receiving notice of certain court orders, are required to forward firearms disqualifying orders and information to the National Instant Criminal Background Check System (NICS). Additionally, the Administrative Office of the Courts (AOC) is required to send unserved felony warrants, indictments, criminal summons, or orders for arrest to NICS within 48 hours of receiving notice of issuance. Sheriffs are also required, within 48 hours after service by the sheriff (excluding Saturdays, Sundays and holidays) to send domestic violence protective orders to NICS.
11. Effective October 1, 2015, arresting law enforcement agencies are required to fingerprint individuals arrested for certain misdemeanors (such as domestic violence related crimes, impaired driving offenses and controlled substance violations) and to forward those fingerprints to the State Bureau of Investigation for the purpose of having them forwarded to

NICS. The complete list of crimes for which an arrestee must be fingerprinted is found in Attachment 1. Law enforcement officers are also required to provide certain information after an arrest to magistrates. This information includes the arrestee's name, address, drivers license number, date of birth, gender, race, social security number and domestic relationship to any victims.

12. By May 31, 2019, AOC is required to send certain historical records to NICS, such as all involuntary commitment orders, convictions for misdemeanor possession of controlled substances and impaired driving convictions.
13. Effective December 1, 2015, any person adversely affected by a city or county ordinance that unlawfully regulates the possession, transfer, sale, taxation, manufacture, transportation, or concealed carry of firearms would be allowed to bring a lawsuit against the city or county for damages the person suffered as a result of the ordinance. The court would be able to give the winning party to the lawsuit reasonable attorneys' fees and court costs.
14. Effective July 1, 2015, the term "chief law enforcement officer" (CLEO) means any official designated as such by the United States Bureau of Alcohol, Tobacco, Firearms and Explosives (BATFE) who would be eligible to provide any required certification on federal paperwork for the transfer or making of a firearm (for example, the transfer of an automatic weapon or suppressor).

Therefore, if designated by the BATFE, a chief of police or other official (in addition to a sheriff) can sign any necessary federal paperwork for the transfer of a weapon. The CLEO has to provide the certification within 15 days of the request if the applicant is not otherwise prohibited by State or federal law from receiving or possessing the firearm. Any denial by the CLEO can be appealed to the district court of the district where the request for certification is made.

Pistol purchase permits issued before this date remain valid until their expiration date and any person with such a permit can exchange it for an updated permit from the sheriff with no further application being required. Any permit issued in exchange will expire on the same date as the original permit. The SBI is required to make reasonable efforts to notify federally licensed firearms dealers in North Carolina of the new permit's appearance.
2. Additionally, effective December 1, 2015 for all pistol purchase permits issued on or after that date, for purposes of determining an applicant's good moral character to receive a pistol purchase permit, the sheriff is only able to consider an applicant's conduct and criminal history for the five year period immediately preceding the date of the application. This five-year period only applies to a sheriff's evaluation of an applicant's good moral character. 5. The Department of Public Safety, in consultation with the Office of Information Technology Services and the Federal Bureau of Investigation, will study the development of a system to allow a background check to be conducted in the private transfers of firearms. The study must consider methods that would allow a seller or transferor to access NICS, or another similar system that would give information to the seller or transferor regarding the purchaser or transferee's eligibility to purchase a pistol.
