EMAIL TO: All Sheriffs
FROM: Eddie Caldwell
Executive Vice President and General Counsel
North Carolina Sheriffs' Association
SENT: March 25, 2021
SUBJECT: Executive Order No. 204 Further Eases COVID-19 Restrictions

On March 23, 2021, Governor Roy Cooper issued Executive Order No. 204, which eases various restrictions set in place due to COVID-19. The following information will assist you in understanding the provisions in this Executive Order:

- A copy of Executive Order No. 204 is attached for your reference.
- A frequently asked questions document is also attached for your reference.

The requirements of Executive Order No. 204 are **effective beginning at 5:00 p.m. on Friday, March 26, 2021**, and will remain in effect until April 30, 2021 at 5:00 p.m., unless replaced or rescinded by another Executive Order.

Provisions Carried Over From Previous Executive Orders that Remain in Effect

Some key provisions of Executive Order No. 204 that remain in effect from Governor Cooper's previous Executive Orders include:

- Face coverings are still required in all public indoor settings.
- Face coverings are still required in public outdoor settings if individuals are unable to maintain six feet apart.
- The Mass Gatherings limitations still DO NOT apply to church services, First Amendment gatherings (such as lawful protests), for work or for obtaining certain services (such as governmental services).
- The Mass Gatherings limitations do not apply to restaurants, personal care businesses, retail businesses, and events in very large outdoor facilities (such as sports arenas) so long as they are operating within their capacity limits specified in the Executive Order.
- All establishments (and spaces within those establishments) that have been open pursuant to the previous Executive Order may continue to remain open.

The North Carolina Sheriffs' Association is a Non-Profit, tax exempt organization recognized by the I.R.S.

New Provisions that Relax Restrictions on Businesses and Individuals

The key new provisions in Executive Order No. 204 that alter previous restrictions are as follows:

- The curfew on alcohol sales for on-site consumption is lifted.
- The Mass Gatherings limit is increased to 50 people for indoor spaces and 100 people for outdoor spaces.
- Capacity limits are increased for certain establishments, some returning to full capacity.

A brief summary of the above provisions and others of note is provided below.

The Curfew on Alcohol Sales for On-site Consumption is Lifted

Executive Order No. 204 rescinds the curfew on the late-night sale or service of alcoholic beverages for on-site consumption that was implemented by Executive Order No. 195. The affected establishments included bars, restaurants, wineries, breweries, distilleries, and any other businesses that sell or serve alcoholic beverages for on-site consumption. As a result, these establishments are no longer required to cease alcohol sales for on-site consumption between the hours of 11:00 p.m. and 7:00 a.m. They may resume their normal hours for alcohol sales in accordance with current laws, rules, and regulations governing the sale of alcohol, unless restricted by a local ordinance.

Mass Gatherings Limitations Increased to 50 People Indoors and 100 People Outdoors

Section 5. 1. of Executive Order No. 204 expands the Mass Gatherings limit to 50 people in an indoor space and 100 people in an outdoor space.

Note: The Mass Gatherings limit of 100 people in an outdoor space is also applicable to groups gathered outdoors for parades or festivals, and in parks or on a beach or trail.

Three Categories of Maximum Occupancy Restrictions are Created for Establishments

Executive Order No. 204 creates three categories of occupancy restrictions for establishments. Depending on the type and nature of the establishment, each is subject to an occupancy restriction of either a 50%, 75%, or 100% maximum fire capacity. The spacing restrictions and sanitation guidelines for each of these establishments have not changed and may be located in the Appendix to Executive Order No. 204.

Establishments That May Return to a 100% Capacity Limit

Executive Order No. 204 returns the occupancy limit at the below establishments to 100% of the stated fire capacity (or if the location has no stated fire capacity, 24 persons per 1,000 square feet of the location's total square footage):

- Outdoor spaces of Restaurants
- Outdoor spaces of Breweries, Wineries, and distilleries
- Outdoor spaces of Fitness and Physical Activity Facilities (such as gyms, fitness studios, sports courts and fields, hockey rinks)
- Outdoor areas of Amusement Parks
- Outdoor Pools
- Museums and Aquariums
- Retail Businesses
- Salons, personal care, and grooming businesses, and tattoo parlors

Establishments Subject to 75% Capacity Limit

Executive Order No. 204 limits the establishments listed below to 75% of the stated fire capacity (or if the location has no stated fire capacity, 18 persons per 1,000 square feet of the location's total square footage):

- Indoor spaces of Restaurants
- Indoor spaces of Breweries, Wineries, and Distilleries
- Indoor spaces of Fitness and Physical Activity Facilities
- Indoor spaces of Movie Theaters
- Indoor spaces of Entertainment facilities (such as bingo parlors and gaming establishments)
- Indoor areas of Amusement Parks
- Indoor Pools

Establishments Subject to 50% Capacity Limit

Executive Order No. 204 limits the establishments listed below to 50% of the stated fire capacity (or if the location has no stated fire capacity, 12 persons per 1,000 square feet of the location's total square footage):

- Both indoor and outdoor spaces of:
 - Bars
 - Meeting, Reception, and Conference Spaces
 - Lounges (including tobacco) and Night Clubs
 - Sports Arenas and Fields (including professional, collegiate, and amateur)
 - Auditoriums, arenas, and other venues for live performances
- Outdoor areas of Movie Theaters and Entertainment facilities (such as bingo parlors and gaming establishments)

Enforcement

As with all other Executive Orders, State and local law enforcement officers may enforce these provisions and a violation constitutes a Class 2 misdemeanor. Additionally, Executive Order No. 204 specifically authorizes and encourages local governments to adopt ordinances that provide law enforcement officials with flexibility to use civil, rather than criminal, penalties to enforce violations of this Order.

Questions

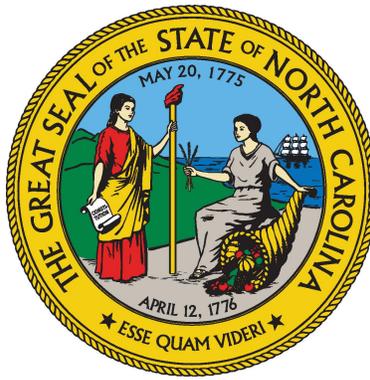

If you have any questions about Executive Order No. 204, do not hesitate to contact Matthew Boyatt, NCSA Deputy General Counsel, at mboyatt@ncsheriffs.net or at 919-459-6467.

Thanks...Eddie C.

Frequently Asked Questions (“FAQ”) for Executive Order No. 204

March 23, 2021

This FAQ provides guidance for the implementation of Executive Order No. 204 (“Order”), which further eases restrictions on businesses and gatherings. The Order increases the mass gathering limit for indoor and outdoor gatherings, increases the capacity limits for certain businesses, and lifts the restriction on alcohol sales for on-site consumption. While the Order eases certain restrictions, other public health restrictions remain in effect to continue to protect against the spread of the virus. The Order becomes effective March 26, 2021 at 5:00 p.m. Below are frequently asked questions (“FAQs”) and their answers. In addition, individuals should check with local governments to determine whether additional restrictions have been imposed in their local jurisdictions to limit the spread of COVID-19.

This information is subject to change in light of new Centers for Disease Control & Prevention guidance and additional Executive Orders, further agency guidance, or local government declarations.

FAQs related to the Order

Why are certain restrictions able to be relaxed at this time?

Over recent months, North Carolina has experienced improvement in key COVID-19 metrics, including sustained declines in the number of COVID-19 daily diagnoses, the percent of total COVID-19 tests that are positive, the number of emergency department visits that are due to COVID-like illnesses, and the number of COVID-19 associated hospitalizations. In addition, North Carolina is rapidly expanding its capacity to vaccinate individuals. Due to public health measures taken within the state, enhanced knowledge of the COVID-19 virus by public health experts, and the persistence of North Carolinians in adhering to executive orders and public health guidance, the state is in a position to further relax restrictions, while still continuing with the “dimmer switch” approach in reopening the state.

Are other public health precautions still in place?

Yes. Because the state’s key COVID-19 metrics remain elevated, lives are still being lost to the virus, and the impact of the presence of new variants of the disease

remains unknown, lifting some restrictions must continue to be done in a targeted, safe, and phased manner to protect the health and safety of all North Carolinians. North Carolinians must still be vigilant in adhering to the 3 Ws and businesses must be persistent in practicing public health and safety protocols.

When does this Order take effect?

This Order takes effect on March 26, 2021 at 5:00 p.m. and will remain in effect until April 30, 2021 at 5:00 p.m., unless repealed, replaced, or rescinded.

What are the major changes under this Order?

Under this Order:

- The restriction on the late-night sale of alcohol for on-site consumption is lifted.
- Capacity limitations on all businesses are increased, as detailed below.
- The cap on the number of individuals who can gather at any one time in certain indoor spaces, such as bars, is lifted.
- The mass gathering limit increased to 50 people indoors and 100 people outdoors.
- Businesses are divided into three general categories, based the on capacity limitations detailed below..

What remains the same under this Order?

Under this Order:

- Social distancing protocol, sanitation standards, other public health restrictions, and [NCDHHS Guidance](#) remain in effect.
- A face covering is still required in all public indoor settings if there are non-household members present, regardless of the individual's ability to maintain social distance. Face coverings continue to be required in public outdoor settings if individuals are unable to maintain six feet of social distance from non-household members.

What can I do to ensure my mask is as protective as possible?

NCDHHS has additional recommendations to improve mask wearing based on guidance from the CDC. To ensure masks are as protective as possible, NCDHHS recommends that you:

- Make sure your mask fits snugly against your face and covers your nose and mouth. To help with a snug fit, you can use a mask with a metal strip along the top of the mask.
- Use two or more layers for your face covering. You can do this by wearing a cloth face covering with two or more layers or by wearing one disposable mask (sometimes referred to as a surgical mask or a medical procedure mask) underneath a cloth mask.
- Do not wear two disposable masks.
- Make sure you can see and breathe easily.

For additional information on how to improve mask wearing, please see updated guidelines from the [CDC](#).

What are the capacity limits under this Order?

Executive Order No. 204 divides businesses into three general categories for occupancy restrictions: (a) 100% occupancy indoors and outdoors; (b) 75% occupancy limit indoors and 100% occupancy outdoors; and (c) 50% occupancy limit indoors and outdoors. None of the businesses are capped at a certain number of occupants; however, these establishments must ensure 6 feet of social distancing between Guests.

Indoors and Outdoors up to 100%, subject to Masks and 6 ft. social distancing

- Museums and Aquariums
- Retail Businesses
- Salons, personal care and grooming businesses, tattoo parlors

Indoors up to 75% and Outdoors up to 100%, subject to Masks and 6 ft. social distancing

- Restaurants
- Breweries, Wineries, and Distilleries
- Recreation (e.g., bowling, skating, rock climbing)
- Fitness and Physical Activity Facilities (e.g. gyms, yoga studios, fitness centers)
- Pools
- Amusement Parks

Indoors and Outdoors up to 50%, subject to Masks and 6 ft. social distancing

- Bars
- Meeting, Reception, and Conference Spaces
- Lounges (including tobacco) and Night Clubs
- Auditoriums, Arenas, and other venues for live performances
- Sports Arenas and Fields (includes professional, collegiate, and amateur)
- Movie Theaters*
- Gaming Facilities*

*Movie theaters and gaming facilities may operate at 75% capacity outdoors.

Do workers, entertainers, athletes, and other support staff count towards the capacity limits listed above?

No.

Are these businesses still required to follow public health and safety protocol?

Yes. Establishments must follow the “Core Signage, Screening, and Sanitation Requirements” and any other specific health and safety measures outlined in the Order. Face coverings are required in public spaces, unless an exception applies, and

all North Carolinians are strongly encouraged to follow the 3Ws- Wear a face covering, Wait at least 6 feet apart, and Wash your hands often!

If an establishment cannot operate at the occupancy limit stated in the Order while also ensuring six feet of social distance between guests, can they continue to operate at the maximum occupancy limit?

No. Establishments must abide by social distancing guidelines. If a business is unable to ensure 6 feet of social distance between Guests at the maximum occupancy limit stated in the Order, the establishment must limit the number of Guests so that Guests can stay 6 feet apart.

For venues that are re-opened at up to 100% capacity, are other health and safety guidelines still in place?

Yes. These venues, including museums, aquariums, retail, and personal care facilities, must continue to adhere to all health and safety protocol including maintaining 6 feet of social distance between Guests.

Are private functions and meetings held at restaurants able to operate at the 75% (indoors) or 100% (outdoors) capacity limit set for restaurants or the 50% capacity limit (indoors and outdoors) set for meeting spaces, conference centers, and reception venues?

A meeting or function held in a private room in a restaurant, including a reception or conference, is subject to the 50% capacity limit and other restrictions that apply to meeting spaces, conference centers, and reception venues.

Bars, Lounges, and Night Spots

May private bars open indoors and provide for the sale and service of alcoholic beverages?

Yes, these establishments may open indoors and outdoors at 50% of the stated fire capacity limit. Under the Order there is no cap on the number of individuals an establishment may allow at the capacity limit. However, these establishments must limit the number of Guests so that Guests can maintain 6 feet of social distance.

When must bars and other establishments stop serving alcoholic beverages?

This Order lifts the restriction on the late night sale and service of alcoholic beverages for bars, restaurants, and other establishments.. These establishments must continue to abide by all other laws concerning the sale and service of alcoholic beverages, including rules and regulations established by the ABC Commission.

Are establishments authorized to sell mixed beverages “to-go” allowed to continue to sell mixed alcoholic beverages “to-go”?

Yes, under the provisions set forth in Executive Order No. 183, as extended by Executive Order No. 190, certain establishments specified in that Order may continue

to sell mixed alcoholic beverages to-go, subject to the terms of that Order. Please see the FAQ for Executive Order No. 190, available [here](#), for additional information.

Are establishments allowed to operate amenities, such a pool and darts, under this Order?

Yes.

Must Guests at bars, lounges, night clubs, and other venues for live performances remain seated?

Yes, Guests must remain seated unless entering or exiting, using amenities, visiting the restroom, or obtaining food or drinks.

Are Guests allowed to sit indoors at a bar counter?

Yes. Guests may be seated at a bar counter but must be separated from other groups by six (6) feet.

Sports

Are spectators allowed at sporting events, including youth, high school, collegiate, and professional events?

Yes, spectators are allowed both indoors and outdoors at sporting events. At indoor and outdoor sporting events, the facility must limit spectators up to 50% of the facility's stated fire capacity as long as masks and social distancing are observed.

Do the capacity limits for sporting events include the players, coaches, and officiants?

No. These individuals are excluded from the capacity calculation.

Are face coverings required at youth, high school, and amateur athletic events?

Yes. Athletes over age five (5) are still required to wear a face covering, unless an applicable exception applies.

Are there additional requirements for larger venues with the capacity to seat 5,000 or more indoors and 10,000 or more outdoors?

Yes, these venues must take additional health and safety measures, including implementing measures to limit crowding in concourses, and providing for ticketed, socially-distanced seating.

Meetings Spaces and Receptions

What is the capacity limit for a wedding reception?

A wedding reception, hosted in a reception hall, conference room, or other meeting space has a 50% maximum occupancy limit, with no overarching occupancy cap.

Wedding ceremonies and other worship, religious, and spiritual gatherings are not subject to a limit on attendees, but Guests are strongly encouraged to adhere to the 3 Ws (Wear a face covering, Wait at least 6 feet apart, and Wash your hands often!) while in attendance.

Are Guests required to be seated?

Yes. These facilities must remain closed unless it is or becomes a seated establishment for Guests. Guests must remain seated, except to enter and leave, use amenities, visit the restroom, and obtain food or drink.

Outdoor events

Do outdoor festivals and concerts follow the mass gathering limit or other capacity limit?

Outdoor parades, fairs, and festivals are subject to the mass gathering limit of no more than one-hundred (100) individuals per group that may gather together. However, concerts and other events held at outdoor venues for live performances are subject to a 50% occupancy limit or 12 Guests for every 1,000 square feet.

Are indoor and outdoor pools, in neighborhoods, waterparks, and hotels, allowed to open?

Yes. Indoor pools may operate at no more than 75% of the maximum occupancy limit and outdoor pools may operate at 100% of the maximum occupancy limit. Establishments that do not meet the definition of an Amusement Park, as defined in the Order, and have waterslides over 15 feet, must follow the above stated occupancy limits for pools.

State of North Carolina

ROY COOPER
GOVERNOR

March 23, 2021

EXECUTIVE ORDER NO. 204

FURTHER EASING OF RESTRICTIONS ON BUSINESSES AND GATHERINGS

WHEREAS, on March 10, 2020, the undersigned issued Executive Order No. 116, 34 N.C. Reg. 1744-1749 (April 1, 2020), which declared a State of Emergency to coordinate the state's response and protective actions to address the Coronavirus Disease 2019 ("COVID-19") public health emergency and provide for the health, safety, and welfare of residents and visitors located in North Carolina; and

WHEREAS, on March 11, 2020, the World Health Organization declared COVID-19 a global pandemic; and

WHEREAS, on March 13, 2020, the President of the United States issued an emergency declaration for all states, tribes, territories, and the District of Columbia, retroactive to March 1, 2020, and the President declared that the COVID-19 pandemic in the United States constitutes a national emergency; and

WHEREAS, on March 25, 2020, the President approved a Major Disaster Declaration, FEMA-4487-DR, for the State of North Carolina; and

WHEREAS, in responding to the COVID-19 pandemic, and for the purpose of protecting the health, safety, and welfare of the people of North Carolina, the undersigned has issued Executive Order Nos. 116-122, 124-125, 129-131, 133-136, 138-144, 146-153, 155-157, 161-165, 169-173, 176-177, 180-181, 183-185, and 188-193, 195, 197-198, and 200; and

WHEREAS, the undersigned has taken a science and data-driven approach to implementing public health measures to curb the spread of the virus and to advance the state's economy in a safe and effective way, which is in the best interests of all North Carolinians; and

WHEREAS, the state has experienced improvement in its key COVID-19 metrics, prompting the undersigned to relax certain restrictions on businesses and gatherings, most recently in Executive Order No. 195; and

WHEREAS, over the course of the pandemic, North Carolina's public health experts have gained enhanced knowledge of the COVID-19 virus, including a better understanding of what settings and activities pose the greatest risk of transmitting the virus, and what mitigation strategies are most effective to curb spread; and

WHEREAS, over the course of the pandemic, the state has also expanded its access to personal protective equipment and other necessary materials to better protect the population from the spread of COVID-19, and has increased its ability to test for and to trace the virus; and

WHEREAS, the state has also mounted a robust vaccination effort, to distribute the state’s allocated supply of vaccines authorized by the Food and Drug Administration (“FDA”) to all people living in or spending significant time in North Carolina; and

WHEREAS, North Carolina is rapidly expanding its capacity to vaccinate individuals against COVID-19, and as of the date of this Executive Order, over thirty-one percent (31%) of the state’s population over age eighteen (18) is fully vaccinated, and over eighteen percent (18%) of the state’s population over age eighteen (18) is fully vaccinated; and

WHEREAS, in light of the above factors, the undersigned now desires to further relax occupancy limitations and other requirements on certain businesses and gatherings, as set forth herein; and

WHEREAS, however, because the state’s key COVID-19 metrics remain at elevated levels, and because of the potential impact of the presence of new variants of the virus in North Carolina, which may be more transmissible and may result in increased disease severity, the lifting of restrictions necessarily must continue to be undertaken in a targeted and phased manner to best protect the health and safety of all North Carolinians, with particular caution given to loosening restrictions in high-risk settings; and

WHEREAS, by following this targeted and phased approach, the undersigned intends to reopen the state’s economy as fully as possible, without sacrificing the state’s progress in managing the pandemic; and

WHEREAS, it also remains critical that North Carolinians continue to exercise personal responsibility in protecting themselves and others from the spread of the COVID-19, including by wearing Face Coverings, maintaining social distancing, washing hands frequently, and operating and frequenting businesses in compliance with this and other Executive Orders; and

Improvements in Key COVID-19 Metrics

WHEREAS, over recent months in North Carolina, due to the measures taken to-date by the undersigned and due to the resilience and persistence of all North Carolinians, there have been sustained improvements in the state’s key COVID-19 metrics; and

WHEREAS, specifically, as of the date of this Executive Order, the state is experiencing declines in the percent of emergency department visits that are due to COVID-like illness, the number of COVID-19 daily diagnoses, the percent of total COVID-19 tests that are positive and the number of COVID-19-associated hospitalizations, relative to the peak severity of these metrics in January 2021; and

WHEREAS, despite these improvements, COVID-19 remains a serious threat to North Carolina communities, as evidenced by the fact that between February 28, 2021 and March 13, 2021, every county in the state is rated to have at least a “significant” rate of COVID-19 community spread, according to the County Alert System developed by the North Carolina Department of Health and Human Services (“NCDHHS”), which evaluates a county’s COVID-19 case counts, percent positives, and hospital occupancy; and

WHEREAS, although North Carolinians should find cause for optimism in the measured progress to-date, COVID-19 continues to inflict an unprecedented toll on human life in North Carolina; and

WHEREAS, more than eight hundred ninety-nine thousand (899,000) people in North Carolina have had COVID-19, and more than eleven thousand eight hundred (11,800) people in North Carolina have died from the disease; and

Lifting of Certain Restrictions under North Carolina’s Phased, “Dimmer Switch” Approach

WHEREAS, by using a phased reopening approach, North Carolina is endeavoring to manage the risk of COVID-19 exposure from a public health perspective in order to ensure that the state’s health care providers have the resources and availability to protect people’s lives while

also allowing people to return to work and take part in activities that are integral parts of people's lives; and

WHEREAS, the undersigned directs the phased reopening measures set forth in this Executive Order in consultation with NCDHHS; and

WHEREAS, in light of the continued measured progress the state has achieved in its key COVID-19 metrics, it is reasonable to raise the indoor mass gathering limit to fifty (50) persons and the outdoor mass gathering limit to one hundred (100) persons, which will allow people to gather in larger numbers with friends and loved ones, while still adhering to Face Coverings and mitigation measures, as a strategy to limit the spread of COVID-19 transmission posed by large crowds; and

WHEREAS, in light of the continued measured progress the state has achieved in its key COVID-19 metrics, the current percentage occupancy limits on certain establishments can be incrementally raised to limits which will continue to reduce person-to-person contacts, and the upper limit on the number of individuals who can gather in certain indoor establishments required by previous Executive Orders can be removed; and

WHEREAS, social distancing of Guests will continue to be required in these settings; and

WHEREAS, in light of the continued measured progress the state has achieved in its key COVID-19 metrics, the cut-off time on the sale and service of alcoholic beverages for on-site consumption established by the previous Executive Orders can be lifted at this time; and

Certain Businesses Pose Greater Risks of COVID-19 Transmission and Loosening Restrictions Must be Undertaken in a Cautious Manner

WHEREAS, for the reasons set forth herein and in the undersigned's previous Executive Orders, restrictions have been imposed on businesses which are designed to limit the number and duration of contacts between people, particularly in settings in which people exert increased respiratory effort, that are indoors, that involve people being in close physical contact for an extended period of time (more than 15 minutes), that involve large numbers of people, that are in settings in which it is difficult to wear Face Coverings consistently, or are in settings in which people are otherwise less likely to adhere to social distancing and other measures for reducing COVID-19 spread; and

WHEREAS, certain types of businesses by their very nature present greater risks of spread of COVID-19 because of the nature of the activity, the way that people have traditionally acted and interacted with each other in the space, and the duration that patrons stay in the establishment; and

WHEREAS, the undersigned's previous Executive Orders have addressed the particular risks posed by Bars, and other establishments in which people mingle with one another and cannot consistently maintain social distancing or consistently wear Face Coverings, or gather in large crowds; and

WHEREAS, in these establishments, loosening restrictions must necessarily be undertaken in a cautious manner; and

Statutory Authority and Determinations

WHEREAS, Executive Order No. 116 invoked the Emergency Management Act, and authorizes the undersigned to exercise the powers and duties set forth therein to direct and aid in the response to, recovery from, and mitigation against emergencies; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.10(b)(2), the undersigned may make, amend, or rescind necessary orders, rules, and regulations within the limits of the authority conferred upon the Governor in the Emergency Management Act; and

WHEREAS, N.C. Gen. Stat. § 166A-19.10(b)(3) authorizes and empowers the undersigned to delegate Gubernatorial vested authority under the Emergency Management Act and to provide for the sub-delegation of that authority; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.12(3)(e), the Division of Emergency Management must coordinate with the State Health Director to revise the North Carolina Emergency Operations Plan as conditions change, including making revisions to set “the appropriate conditions for quarantine and isolation in order to prevent the further transmission of disease,” and following this coordination, the Emergency Management Director and the State Health Director have recommended that the Governor develop and order the plan and actions identified in this Executive Order; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.23 in conjunction with N.C. Gen. Stat. §§ 75-37 and 75-38, the undersigned may issue a declaration that shall trigger the prohibitions against excessive pricing during states of disaster, states of emergency or abnormal market disruptions; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(a)(1), the undersigned may utilize all available state resources as reasonably necessary to cope with an emergency, including the transfer and direction of personnel or functions of state agencies or units thereof for the purpose of performing or facilitating emergency services; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(a)(2), the undersigned may take such action and give such directions to state and local law enforcement officers and agencies as may be reasonable and necessary for the purpose of securing compliance with the provisions of the Emergency Management Act and with the orders, rules, and regulations made thereunder; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(i), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection for lives and property of North Carolinians because not all local authorities have enacted such appropriate ordinances or issued such appropriate declarations restricting the operation of businesses and limiting person-to-person contact, thus needed control cannot be imposed locally; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(ii), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection for lives and property of North Carolinians because some but not all local authorities have taken implementing steps under such ordinances or declarations, if enacted or declared, in order to effectuate control over the emergency that has arisen; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(iii), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection for lives and property of North Carolinians because the area in which the emergency exists spreads across local jurisdictional boundaries and the legal control measures of the jurisdictions are conflicting or uncoordinated to the extent that efforts to protect life and property are, or unquestionably will be, severely hampered; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(iv), the undersigned has determined that local control of the emergency is insufficient to assure adequate protection of lives and property of North Carolinians because the scale of the emergency is so great that it exceeds the capability of local authorities to cope with it; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(1) authorizes the undersigned to prohibit and restrict the movement of people in public places; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(1)(d) authorizes the undersigned to control the movement of persons within the emergency area; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(2) authorizes the undersigned to prohibit and restrict the operation of offices, business establishments, and other places to and from which people may travel or at which they may congregate; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(3) authorizes the undersigned to restrict the possession, transportation, sale, purchase, and consumption of alcoholic beverages; and

WHEREAS, N.C. Gen. Stat. § 166A-19.30(c) in conjunction with N.C. Gen. Stat. § 166A-19.31(b)(5) authorizes the undersigned to prohibit and restrict other activities or conditions, the control of which may be reasonably necessary to maintain order and protect lives or property during a state of emergency; and

WHEREAS, pursuant to N.C. Gen. Stat. § 166A-19.30(c)(1), when the undersigned imposes the prohibitions and restrictions enumerated in N.C. Gen. Stat. § 166A-19.31(b), the undersigned may amend or rescind the prohibitions and restrictions imposed by local authorities.

NOW, THEREFORE, by the authority vested in me as Governor by the Constitution and the laws of the State of North Carolina, and for the reasons and pursuant to the authority set forth above, **IT IS ORDERED**:

Section 1. Introduction.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

1.1. Definitions.

- a. “Amusement Park” has the definition at N.C. Gen. Stat. § 95-111.3, except that it does not include waterslides as defined by N.C. Gen. Stat. § 95-111.3(h).
- b. “Amusement Transportation” means tour buses, tour trains, or other scenic and sightseeing transportation that is principally offered and used for amusement, regardless of whether such transportation is located in an Amusement Park.
- c. “Bars” means establishments that are not eating establishments or restaurants as defined in N.C. Gen. Stat. §§ 18B-1000(2) and 18B-1000(6), that have a permit to sell alcoholic beverages for on-site consumption under N.C. Gen. Stat. § 18B-1001, and that are principally engaged in the business of selling alcoholic beverages for on-site consumption.
- d. “Emergency Maximum Occupancy” means the maximum occupancy for a facility (or room within a facility, as applicable) under this Executive Order.
- e. “Face Covering” means a covering of the nose and mouth that is secured to the head with ties, straps, or loops over the ears and fits snugly against the side of a person’s face. A Face Covering can be made of a variety of synthetic and natural fabrics, including cotton, silk, or linen. Face Coverings are most effective when they fit snugly against a person’s face and have two (2) or more layers. This can be achieved by wearing a cloth Face Covering with two or more layers or by wearing one disposable mask underneath a cloth mask. A cloth Face Covering may be factory-made, sewn by hand, or can be improvised from household items such as scarfs, bandanas, t-shirts, sweatshirts, or towels. These Face Coverings are not intended for use by healthcare providers in the care of patients.

Based on recommendations from the CDC, face shields do not meet the requirements for Face Coverings.

- f. “Guest” means any attendee, customer, guest, member, patron, spectator, or other person lawfully on the property of another that does not own the property or work at the property.

- g. “N95 Respirator” means a Face Covering approved by the National Institute for Occupational Safety and Health (“NIOSH”) or a respirator from another country allowed by the Occupational Safety & Health Administration, the Food & Drug Administration, or the CDC. N95 respirators are not recommended for general public use or use in public settings, as they should be reserved for healthcare providers and other medical first responders in a health care setting. However, if worn, N95 respirators would meet both the Face Covering and Surgical Mask requirements of this Executive Order.
- h. “Personal Care, Grooming, and Tattoo Businesses” means businesses that (i) do not provide health care services; and (ii) either (1) have workers directly touch Guests or (2) have a piece of equipment (other than a touchscreen) repeatedly come into contact directly with Guests’ skin. This includes, but is not limited to, barber shops, beauty salons (including but not limited to waxing and hair removal centers), hair salons, nail salons, manicure or pedicure providers, tattoo businesses, tanning salons, and massage therapists.
- i. “Playground” means a recreation area for children equipped with playground equipment, including but not limited to soft contained play equipment, swings, seesaws, slides, stationary spring-mounted animal features, jungle gyms, rider-propelled merry-go-rounds, and trampolines.
- j. “Recommendations to Promote Social Distancing and Reduce Transmission” are defined in Subsection 1.5 below.
- k. “Restaurants” means permitted food establishments, under N.C. Gen. Stat. § 130A-248, and other establishments that both prepare and serve food. This includes, but is not limited to, restaurants, cafeterias, food halls, dining halls, food courts, and food kiosks. This includes not only free-standing locations but also locations within other businesses or facilities, including, but not limited to airports, shopping centers, educational institutions, or private or members-only clubs where food and beverages are permitted to be consumed on premises.
- l. “Retail Business” means any business in which Guests enter a space to purchase goods or services, including but not limited to grocery stores, convenience stores, large format retail stores, pharmacies, banks, and ABC stores. This also includes, but is not limited to, (i) retail establishments operated by the state, its political subdivisions, or agencies thereof, and (ii) state agencies under the jurisdiction of the undersigned which have a public-facing component offering a service, such as the Division of Motor Vehicles, the North Carolina Department of Revenue, and shops in North Carolina Department of Natural and Cultural Resources facilities.
- m. “Surgical Mask” means American Society for Testing and Materials (“ASTM”) Level 1, 2, or 3 approved procedural and surgical masks.

1.2. Exemptions.

Worship, religious, and spiritual gatherings, funeral ceremonies, wedding ceremonies, and other activities constituting the exercise of First Amendment rights are exempt from all the requirements of this Executive Order, notwithstanding any other provision of this Executive Order.

The undersigned strongly urges that entities and individuals engaging in these exempted activities follow the Recommendations to Promote Social Distancing and Reduce Transmission, wear and require Face Coverings, and avoid exceeding Emergency Maximum Occupancy in the places where they meet.

1.3. Structure of This Executive Order.

To control the spread of COVID-19 and protect lives during the State of Emergency, this Section lists restrictions on the operations of business establishments and other places to or from which people may travel or at which they may congregate. Businesses or operations within the

scope of Sections 2 to 6 are prohibited from operating unless they follow all applicable restrictions stated in these sections.

In general, this Executive Order broadly requires Face Coverings in most settings, then lists a series of specific restrictions for certain kinds of businesses. Each affected type of business has a series of specific health and safety measures included in the attached appendices to this Executive Order.

Most of these businesses must also follow restrictions on emergency maximum occupancy. In this Executive Order, capacity restrictions fall into three general types:

- The limit is one hundred percent (100%) of fire capacity for museums, personal care businesses, retail businesses, and the outdoor spaces of restaurants, amusement parks, fitness and physical activity facilities, and pools.
- The limit is seventy-five percent (75%) of fire capacity for the indoor spaces of restaurants, amusement parks, fitness and physical activity facilities, and pools.
- The limit is fifty percent (50%) of fire capacity for the indoor areas of movie theaters and entertainment facilities, the indoor and outdoor areas of bars, meeting spaces, conference centers, reception venues, and other indoor and outdoor venues and arenas.

Establishments will also be required to ensure social distancing between Guests or groups of Guests. Details about these restrictions are found below in Sections 2 to 6 of this Executive Order. The specific provisions of Sections 2 to 6 take precedence over the general descriptions in the summary above.

1.4. Interpretation of Capacity Restrictions under this Executive Order.

- a. Workers and any other support staff do not count toward the capacity limits. For sporting and entertainment events, athletes, coaches, entertainers, and other support staff do not count toward the capacity limits.
- b. Any facility that meets the definition of “Restaurant” in this Executive Order is covered by Subsection 3.14 of this Executive Order.
- c. Nothing in this Executive Order prevents establishments from opening up or expanding outdoor seating areas, subject to applicable local and state regulations.

1.5. General Recommendations.

All North Carolinians are strongly encouraged to follow the recommendations for reducing the spread of COVID-19 issued by NCDHHS. These recommendations include the following Recommendations to Promote Social Distancing and Reduce Transmission:

- a. Maintain at least six (6) feet social distancing from other individuals, with the exception of family or household members.
- b. Wear a Face Covering over the nose and mouth when leaving home and wear it inside all public settings such as grocery stores, pharmacies, or other retail or public-serving businesses. A Face Covering should also be worn outdoors when you cannot maintain at least six (6) feet distancing from other people with the exception of family or household members.
- c. Carry hand sanitizer with you when leaving home, and use it frequently.
- d. Wash hands using soap and water for at least twenty (20) seconds as frequently as possible.
- e. Regularly clean high-touch surfaces such as steering wheels, wallets, and phones.
- f. Avoid large gatherings.
- g. Stay at home if sick.
- h. Fully vaccinated individuals should follow CDC guidance when gathering with other fully vaccinated individuals.

Section 2. Face Coverings.

For the avoidance of doubt, this Section generally requires North Carolinians to wear Face Coverings in public places, both indoors and outdoors. This Section also authorizes law enforcement to enforce Face Covering requirements against individuals who fail to wear a Face Covering outside the home without any applicable exception. Where a question might arise as to whether an individual who is able to wear a Face Covering in North Carolina is required to wear one in a certain context, this Executive Order seeks to promote the wearing of Face Coverings.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

2.1. Face Coverings Required In Public Places.

- a. The undersigned enacts the following restriction on the movement of people in public places and restriction on the operation of offices, business establishments, schools, and other places where people may travel or congregate.
- b. For any place outside the home, including but not limited to businesses, schools, and other establishments and spaces:
 1. Face Coverings must be worn indoors if anyone else is in that space who is not a member of the same household.
 2. Face Coverings must be worn outdoors if it is not possible to consistently be physically distant by more than six (6) feet from non-household members.
- c. These requirements shall apply to all people at least five (5) years old, unless an exception applies. These requirements are recommended for all people over the age of two (2) years old.

2.2. Restrictions for Specific Settings. Section 3 of this Executive Order states a series of specific Face Covering requirements for certain types of businesses and establishments. These requirements are in addition to, and not in lieu of, the general restrictions stated above.

2.3. Employer Good Faith Obligation to Provide Face Coverings. Employers who have workers who perform work outside of their home in North Carolina and have not already provided Face Coverings for their workers shall make good-faith efforts to provide a one-week supply of reusable Face Coverings or a new disposable Face Covering daily as soon as possible for workers to use at their place of employment. New Face Coverings should be provided during the work day if the worker's Face Covering becomes soiled, torn, or wet.

2.4. Exceptions. This Executive Order does not require Face Coverings for—and a Face Covering does not need to be worn by—a worker or Guest who:

- a. Should not wear a Face Covering due to any medical or behavioral condition or disability (including, but not limited to, any person who has trouble breathing, or is unconscious or incapacitated, or is otherwise unable to put on or remove the Face Covering without assistance);
- b. Is under five (5) years of age;
- c. Is actively eating or drinking;
- d. Is seeking to communicate with someone who is hearing-impaired in a way that requires the mouth to be visible;
- e. Is giving a speech for a broadcast or to an audience;
- f. Is working at home or is in a personal vehicle;
- g. Is temporarily removing his or her Face Covering to secure government or medical services or for identification purposes;
- h. Would be at risk from wearing a Face Covering at work, as determined by local, state, or federal regulations or workplace safety guidelines;
- i. Has found that his or her Face Covering is impeding visibility to operate equipment or a vehicle; or

- j. Is a child whose parent, guardian, or responsible person has been unable to place the Face Covering safely on the child's face.

Anyone who declines to wear a Face Covering for these reasons should not be required to produce documentation or any other proof of a condition.

Children under two (2) years of age should not wear a Face Covering.

2.5.Face Coverings and Exercise.

People must wear Face Coverings while exercising if they are either:

- Outdoors and within six (6) feet of someone who does not reside in the exercising person's household; or
- Indoors and not within their own home.

However, people need not wear a Face Covering while exercising if:

- One of the exceptions stated in Subsection 2.4 applies;
- They have symptoms while strenuously exercising such as trouble breathing, dizziness, or lightheadedness;
- They are wearing equipment like a mouthguard or helmet and are having trouble breathing;
- They are doing any activity in which the Face Covering could become entangled and a choking hazard or impair vision in high risk activities such as gymnastics, cheerleading, or tumbling; or
- They are doing activities that may cause the Face Covering to become wet, like swimming or other activities in a pool, lake, water attraction, or similar body of water.

2.6.Face Coverings for Professional or Collegiate Athletes Under a COVID-19 Health and Safety Protocol. As an exception to the other provisions of this Section, Face Coverings are encouraged, but not required for professional or collegiate athletes if (1) they are strenuously exercising or recovering from exercise and (2) those athletes are training for or participating in a sport that is under the oversight of a league, association, or other organizer that required teams and players to follow a protocol for reducing risk from COVID-19. These athletes must wear Face Coverings, including on sidelines and in practice, at any time that they are not strenuously exercising or recovering from recent exercise.

2.7.How Businesses May Accommodate Exceptions. If a Guest states that an exception applies, a business may choose to offer curbside service, provide home delivery, or use some other reasonable measure to deliver its goods or services.

2.8.Enforcement of Face Covering Requirements.

If a person does not wear a Face Covering in a situation where a Face Covering is required under this Executive Order, and if an exception to the Face Covering requirement does not apply:

- a. Law enforcement officers may cite the people who failed to wear Face Coverings as required by Executive Order; and/or
- b. Law enforcement officers may cite a business or organization that failed to enforce the requirement to wear Face Coverings.

Further, if a business or organization does not allow entry to a worker or Guest because that person refuses to wear a Face Covering, and if that worker or Guest enters the premises and refuses to leave the premises, law enforcement personnel may enforce the trespassing laws and any other laws that the worker or Guest may violate.

2.9.Schools. In all public school units, as defined by N.C. Gen. Stat. § 115C-5(7a), and all nonpublic schools covered by Article 39 of Chapter 115C of the General Statutes, all workers,

teachers, Guests, other adults and children five (5) years or older must wear Face Coverings both:

- When outdoors and within six (6) feet of another person, unless an exception applies;
- When indoors, at all times, unless an exception applies.

Section 3. Restrictions on Certain Businesses and Operations.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

3.1. **Amusement Parks.** Amusement Parks and Amusement Transportation may operate under the following restrictions:

- a. **Face Coverings.** All workers and Guests must wear Face Coverings when they are on premises or on transportation operated by the establishment.
- b. **Capacity Restrictions.**
 1. **Outdoor Spaces.** The facility must limit Guests to one hundred percent (100%) of the stated fire capacity for each outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is twenty-four (24) per one thousand (1000) square feet, rounded up.
 2. **Indoor Spaces.** The facility must limit Guests to seventy-five (75%) of the stated fire capacity for each building, room, or other indoor space controlled by the facility. This limit applies separately to each room within a building. For rooms or spaces without a stated fire capacity, the limit on Guests is eighteen (18) per one thousand (1000) square feet, rounded up.
 3. **On each Ride or on Amusement Transportation.** The operator must limit the number of Guests within each vehicle or car to either:
 - Have all the Guests within a vehicle or car be people who came into the ride loading area together as part of the same group of friends or family; or
 - Ensure six (6) feet of social distancing between each group of friends or family within the vehicle or car.
- c. **Additional Health and Safety Requirements.** The operator must follow the additional health and safety requirements specified in Appendix B.

3.2. **Bars, Night Spots, and Arenas.**

- a. This Subsection applies to the following:
 - Bars
 - Lounges (such as cigar bars and hookah lounges) in which tobacco or related products are consumed on premises
 - Auditoriums, amphitheatres, arenas, and other venues for live performances
 - Music halls, night clubs, or dance halls
 - Adult entertainment facilities
 - Spectator stands and viewing areas at a sporting facility, stadium, sporting complex, or speedway
- b. **Face Coverings.** Unless an exception applies:
 - Facilities covered by this Subsection must have all workers wear Face Coverings.
 - In addition, these establishments must have all Guests wear Face Coverings (including at a table or counter) when they are not actively drinking or eating.
- c. **Must Be Seated.** To limit the degree to which Guests at the facility may come into contact with one another and spread COVID-19, a facility covered by this Subsection

is closed unless it is or becomes a seated establishment for Guests. Guests must be in seats except to enter, leave, use amenities, visit the restroom, and obtain food or drink.

- d. Capacity Restrictions. While this Executive Order is in effect, all open facilities covered by this Subsection must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests:
 1. Overall. The facility must limit Guests to fifty percent (50%) of the stated fire capacity for each indoor and outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is twelve (12) per one thousand (1000) square feet, rounded up.
 2. Social Distancing Required. The facility must limit the number of Guests in the space so that groups can stay six (6) feet apart.
- e. Meetings and Private Functions. Any meeting or function held in a private room in a facility covered by this Subsection is covered by the capacity and other restrictions stated below in Subsection 3.8 of this Executive Order (“Meeting Spaces, Conference Centers, and Reception Venues”).
- f. Additional Health and Safety Requirements. Facilities covered by this Subsection must follow the additional health and safety requirements specified in Appendix C to this Executive Order.

3.3. Child Care Facilities.

- a. Face Coverings. Child care facilities must have workers, all other adults, and children five (5) years or older on-site wear Face Coverings, unless an exception applies.
- b. Child Care Facilities May Open and May Serve All Children. Child care facilities may open or reopen, and they may serve all children in North Carolina. All references to “covered children” in Executive Order Nos. 130 and 139 shall refer to all children.
- c. Additional Health and Safety Requirements. Child care facilities that are open or reopened consistent with the Executive Order must abide by the health and safety requirements in Appendix D of this Executive Order.
- d. Relationship to Other Executive Orders. Subdivisions 3.3(b) and (c)(1) above completely replace Subsections 2(C) and 2(D) of Executive Order No. 130. Subsections 2(A)-(B) and 2(E)-(H) of Executive Order No. 130 and Section 3 of Executive Order No. 139 shall continue in effect as specified in Executive Order Nos. 152, 177, and 193, and any subsequent executive orders.

3.4. Children’s Day or Overnight Camps.

- a. Face Coverings. Children’s day camps and overnight camps must have workers, all other adults, and children five (5) years or older on-site wear Face Coverings, unless an exception applies.
- b. Additional Requirements. To the extent, if any, that day camps and overnight camps continue to operate during the effective period of this Executive Order, the requirements of Executive Order No. 141 (as amended) which are applicable to Day Camps and Overnight Camps in that Order shall continue to apply to those camps.

3.5. Fitness and Physical Activity Facilities.

- a. This Subsection applies to “Fitness and Physical Activity Facilities,” defined as any of the following:

- Exercise facilities (e.g., yoga studios, dance studios, ballrooms for dancing, martial arts facilities, gymnastics, indoor trampoline and rock climbing facilities)
 - Gyms
 - Fields of play, including but not limited to basketball courts, baseball fields, volleyball courts, racquetball courts, squash courts, hockey rinks, soccer fields, and tennis courts (with spectators, if any, limited as stated in Subsection 3.2 of this Executive Order)
 - Health clubs and fitness centers
 - Boxing clubs
 - Skating rinks
 - Bowling alleys
 - Golf courses and driving ranges
 - Golf ball hitting bays
 - Mini-golf courses
 - Go-cart tracks
 - The track for any speedway or raceway (with spectators, if any, limited as stated in Subsection 3.2 of this Executive Order)
 - Paintball, laser tag, and similar fields and arenas
 - Indoor Playgrounds
- b. Face Coverings. All workers and Guests must wear Face Coverings when they are inside the establishment, regardless of whether they are exercising. When outdoors, workers and Guests must wear Face Coverings when they are within six (6) feet of someone who does not reside in the same household. The exceptions in Sections 2.4 and 2.5 of this Executive Order apply.
- c. Capacity Restrictions.
1. Indoor Areas. Fitness and Physical Activity Facilities must limit Guests in indoor areas to the lowest number produced by applying the following two tests:
 - a. Overall. Limit the number of Guests in indoor areas to seventy-five percent (75%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than eighteen (18) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
 - b. In Any Room. Limit the number of Guests in any given room of the facility so that everyone can stay six (6) feet apart.
 2. Outdoor Areas. Fitness and Physical Activity Facilities must limit Guests in outdoor areas to the lowest number produced by applying the following two tests:
 - a. Overall. Limit the number of Guests in outdoor areas to one hundred percent (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than eighteen (18) Guests for every one thousand (1000) square feet).
 - b. Social Distancing Required. Limit the number of Guests in outdoor spaces so that everyone can stay six (6) feet apart.
 3. Games or Events with Spectators. The capacity restrictions for facilities in Subsection 3.2 above, not the capacity restrictions in Subsections 3.5(c)(1)-(2) above, apply to Fitness and Physical Activity Facilities whenever they host a game with spectators.

- d. Additional Health and Safety Requirements. Operators of Fitness and Physical Activity Facilities must follow the additional health and safety requirements in Appendix E to this Executive Order.

3.6. **Government Operations.** Unless an exception applies, state government agencies headed by members of the Governor’s Cabinet and the Governor’s Office must have their on-site workers wear Face Coverings when they are indoors. In addition, unless an exception applies, these agencies must require Face Coverings for any outdoor work within six (6) feet of another person. State government agencies headed by members of the Governor’s Cabinet and the Governor’s Office must also follow the requirements for Retail Businesses established in this Executive Order unless necessary to complete that Office’s mission. All other state and local government agencies are strongly encouraged to adopt similar policies.

3.7. **Health Care Settings.**

- a. Surgical Masks in Long Term Care Facilities. All workers in Long Term Care (“LTC”) Facilities, including skilled nursing facilities (“SNF”), adult care homes (“ACH”), family care homes (“FCH”), mental health group homes, and intermediate care facilities for individuals with intellectual disabilities (“ICF-IID”), must wear Face Coverings while in the facility, and those Face Coverings must be Surgical Masks, as long as Surgical Mask supplies are available.
- b. Other Health Care Settings. Health care facilities other than LTC facilities must follow the Face Covering requirements in the CDC Infection Control Guidance for Healthcare Professionals about Coronavirus (COVID-19).
- c. Other Requirements. Additional requirements in health care settings can be found in Executive Order Nos. 130 and 139 and in the Secretarial Orders issued under Executive Order Nos. 152, 165, 177, and 193.

3.8. **Meeting Spaces, Conference Centers, and Reception Venues.**

- a. This Subsection applies to “Meeting Spaces, Conference Centers, and Reception Venues,” defined as private rooms or other private meeting spaces in a hotel, conference center, meeting hall, or reception venue.
- b. Face Coverings. All workers and Guests must wear Face Coverings when they are or may be within the facility. When outdoors, workers and Guests must wear Face Coverings when they are within six (6) feet of someone who does not reside in the same household.
- c. Must Be Seated. To limit the degree to which Guests at the facility may come into contact with one another and spread COVID-19, a facility covered by this Subsection is closed unless it is or becomes a seated establishment for Guests. Guests must be in seats except to enter, leave, use amenities, visit the restroom, and obtain food or drink.
- d. Capacity Restrictions. While this Executive Order is in effect, all open facilities covered by this Subsection must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests:
 1. Overall. The facility must limit Guests to fifty percent (50%) of the stated fire capacity for each indoor and outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is twelve (12) per one thousand (1000) square feet, rounded up.
 2. Social Distancing Required. The facility must limit the number of Guests in the space so that groups can stay six (6) feet apart.

- e. Hotels and other Large Facilities. For hotels or other facilities where private meeting spaces are a portion of a larger facility that is not restricted by this Section of this Executive Order, the limits stated above are measured only for the portion of the facility composed of private meeting spaces.
- f. Additional Health and Safety Requirements. Facilities covered by this Subsection must follow the additional health and safety requirements in Appendix F of this Executive Order.

3.9. Movie Theaters and Entertainment Facilities.

- a. This Subsection applies to movie theaters and any entertainment facilities that are not covered by another provision of this Section of this Executive Order, such as Subsection 3.2 (entitled “Bars, Night Spots, and Arenas”) or Subsection 3.5 (entitled “Fitness and Physical Activity Facilities”). Facilities covered by this Subsection include, but are not limited to, the following types of businesses:
 - Movie theaters
 - Bingo parlors, including bingo sites operated by charitable organizations
 - Facilities where the purpose is to engage in games of cards, such as bridge
 - Gaming and business establishments which allow gaming activities (e.g., video games, arcade games, pinball machines or other computer, electronic or mechanical devices played for amusement)
- b. Face Coverings. All workers and Guests must wear Face Coverings when they are or may be within the facility. When outdoors, workers and Guests must wear Face Coverings when they are within six (6) feet of someone who does not reside in the same household.
- c. Must Be Seated. To limit the degree to which Guests at the facility may come into contact with one another and spread COVID-19, a facility covered by this Subsection is closed unless it is or becomes a seated establishment for Guests. Guests must be in seats except to play, enter, leave, use amenities, visit the restroom, and obtain food or drink.
- d. Capacity Restrictions. While this Executive Order is in effect, all open facilities covered by this Subsection must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests:
 - 1. Outdoor Spaces. The facility must limit Guests to seventy five percent (75%) of the stated fire capacity for each outdoor space controlled by the facility. For rooms or spaces without a stated fire capacity, the limit on Guests is eighteen (18) per one thousand (1000) square feet, rounded up.
 - 2. Indoor Spaces. The facility must limit Guests to fifty percent (50%) of the stated fire capacity for each building, room, or other indoor space controlled by the facility. This limit applies separately to each room within a building. For rooms or spaces without a stated fire capacity, the limit on Guests is twelve (12) per one thousand (1000) square feet, rounded up.
 - 3. Social Distancing Required. The facility must limit the number of Guests in the space so that groups can stay six (6) feet apart.
- e. Additional Health and Safety Requirements. Facilities covered by this Subsection must follow the additional health and safety requirements in Appendix G of this Executive Order.

- f. Gaming. This Executive Order does not order the closure of gaming establishments. However, nothing in this Executive Order shall be construed to authorize any gaming activity prohibited by Chapter 14 of the North Carolina General Statutes.

3.10. **Museums and Aquariums.**

- a. Face Coverings. Unless an exception applies:

- Workers in museums and aquariums must wear Face Coverings when they are inside.
- Workers in museums and aquariums must also wear Face Coverings if they are outside and within six (6) feet of another person.
- In addition, Guests must wear Face Coverings.

- b. Capacity Restrictions. All operators of open museums or aquariums must limit Guests to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a facility is the lowest number produced by applying the following tests:

1. Overall. Limit the number of Guests in the museum or aquarium to one hundred percent (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
2. Social Distancing Required. The facility must limit the number of Guests so that groups are able to social distance and remain six (6) feet away from groups other than those in their households.

- c. Additional Health and Safety Requirements. All operators of open museums or aquariums must follow the Core Signage, Sanitation and Screening Requirements in Appendix A to this Executive Order.

3.11. **Parks.**

- a. Face Coverings. Unless an exception applies, Face Coverings are required for all people in parks if they are either within six (6) feet of another person or are indoors.

- b. Capacity Limits. Parks must restrict each group of Guests to be no more than the Mass Gathering limit stated below in Subsection 5.1 of this Executive Order. Each group of people within an outdoor park, trail, or beach must be limited so that the group, counted on its own, does not exceed the Mass Gathering limit.

- c. Requirements for Park Operators. All operators of open public or private parks must follow the Core Signage, Sanitation and Screening Requirements in Appendix A of this Executive Order.

3.12. **Personal Care, Grooming, and Tattoo Businesses.**

- a. Face Coverings. Unless an exception applies:

- Personal Care, Grooming, and Tattoo Businesses must have workers wear Face Coverings at all times.
- In addition, the business must have all Guests wear Face Coverings when they are inside the establishment, unless they are receiving a facial treatment, shave, or other services on a part of the head which the Face Covering covers or by which the Face Covering is secured.

- b. Requirements. While this Executive Order is in effect, all open Personal Care, Grooming, and Tattoo Businesses must do all of the following:

1. Limit Guests inside the store to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a Personal Care,

Grooming, and Tattoo Business is the lowest number produced by applying the following two tests:

- a. Overall. Limit the number of Guests in the store to one hundred percent (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
 - b. Social Distancing Required. Limit the number of Guests in the store so that Guests can stay six (6) feet apart.
2. Follow the additional health and safety measures in Appendix H of this Executive Order.

3.13. Pools.

- a. Requirements. While this Executive Order is in effect, all open indoor and outdoor pool facilities (whether standalone or part of other facilities) must do all of the following:
 1. Outdoor Pools. The facility must limit Guests in the pool to no more than one hundred percent (100%) of the maximum occupancy as determined by fire code (or, when fire code number is not known, twenty-four (24) Guests per one thousand (1000) square feet in deck areas, wading pools and splash pads, and in the water).
 2. Indoor Pools. The facility must limit Guests in the pool to no more than seventy-five (75%) of maximum occupancy as determined by fire code (or, when fire code number is not known, eighteen (18) Guests per one thousand (1000) square feet in deck areas, wading pools, splash pads, and in the water).
 3. Events with Spectators. The capacity restrictions for facilities in Subsection 3.2 above, not the capacity restrictions in Subsections 3.13(a)(1)-(2) above, apply to Pools whenever they host a meet or other event with spectators.
 4. Follow the Core Signage, Screening, and Sanitation Requirements as defined in this Executive Order.
- b. Establishments that are not Amusement Parks and offer waterslides over fifteen (15) feet in height must abide, for each waterslide, by the occupancy restrictions for pools stated in this Section.
- c. This Subsection applies only to shared pools in commercial settings or at residential complexes. It does not apply to family pools at people's homes.

3.14. Restaurants.

- a. Face Coverings. Unless an exception applies:
 - Restaurants must have all workers wear Face Coverings.
 - In addition, Restaurants must have all Guests wear Face Coverings (including at their table) when they are not actively drinking or eating.
- b. May Open for On-Premises Service. During the effective period of this Executive Order, Restaurants may allow on-premises consumption of food and beverages. Restaurants must meet the sanitation requirements of this Section even if they are open only for take-out or delivery service.
- c. Capacity Restrictions. While this Executive Order is in effect, all open Restaurants must limit Guests in indoor and outdoor seating areas to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a restaurant is the lowest number produced by applying the following tests:

1. Indoor Areas. Limit the number of Guests in the indoor dining areas of the restaurant to seventy-five percent (75%) of stated fire capacity. For rooms or spaces without a stated fire capacity, the limit on Guests is eighteen (18) per one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests, rounded up.
 2. Outdoor Areas. Limit the number of Guests in the outdoor dining areas of the restaurant to one hundred percent (100%) of stated fire capacity. For rooms or spaces without a stated fire capacity, the limit on Guests is twenty-four (24) per one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests, rounded up.
 3. Social Distancing Required. Limit the number of Guests in the space so that groups can stay six (6) feet apart.
- d. Private Functions. Any meeting or function held in a private room in a Restaurant is covered by the capacity and other restrictions stated above in Subsection 3.8 of this Executive Order ("Meeting Spaces, Conference Centers, and Reception Venues").
 - e. Additional Health and Safety Restrictions. In addition, while this Executive Order is in effect, all open Restaurants must comply with the additional health and safety measures in Appendix I to this Executive Order.
 - f. Essential Business. A Restaurant that operates consistent with the terms of this Subsection of this Executive Order shall continue to be considered an "Essential Business" for the purpose of N.C. Sess. L. 2020-03, Sec. 4.14(a) to the extent that COVID-19-related claims are made against the restaurant.
 - g. Other. Breweries, wineries, and distilleries are subject to the same restrictions as Restaurants under this Executive Order.

3.15. Retail Businesses.

- a. Face Coverings. Unless an exception applies:
 - Retail Businesses must have all workers wear Face Coverings.
 - In addition, Retail Businesses must have all Guests wear Face Coverings when they are inside the establishment.
- b. Requirements for Retail Businesses. While this Executive Order is in effect, all open Retail Businesses must do all of the following.
 1. Limit Guests inside the store to Emergency Maximum Occupancy. Under this Executive Order, the Emergency Maximum Occupancy for a Retail Business is the lowest number produced by applying the following two tests:
 - a. Limit the number of Guests in the store to one hundred (100%) of stated fire capacity (or, for spaces without a stated fire capacity, no more than twenty-four (24) Guests for every one thousand (1000) square feet of the location's total square footage, including the parts of the location that are not accessible to Guests).
 - b. Limit the number of Guests in the store so that everyone can stay six (6) feet apart.
 2. Mark six (6) feet of spacing in lines at point of sale and in other high-traffic areas for Guests, such as at deli counters and near high-demand products.
 3. Follow the Core Signage, Screening, and Sanitation Requirements as defined in this Executive Order.

3.16. **Transportation.**

All workers and riders on public or private transportation regulated by the State of North Carolina, as well as all people in North Carolina airports, bus and train stations or stops, must wear Face Coverings at all times, unless an exception applies. This provision does not apply to people traveling alone with household members or friends in their personal vehicles, but does apply to ride-shares, cabs, vans, and shuttles, even if the vehicles are privately owned. Guests may be removed from or denied entry to public transportation if they refuse to wear a Face Covering.

3.17. **Workplaces in Agriculture, Construction, and Manufacturing.**

Social distancing is inherently difficult where multiple workers are together in manufacturing settings, at construction sites, and in migrant farm, other farm, and agricultural settings. Therefore, in businesses or operations within North American Industry Classification System (“NAICS”) sectors 311 to 339 (manufacturing), 236 to 238 (construction), and 111, 112, 1151, and 1152 (agriculture), all workers not participating in a respiratory protection program must wear Face Coverings when they are either within six (6) feet of another person or indoors. Notwithstanding the above, workers may remove their Face Covering if an exception applies, if they become overheated, or if they eat and drink while working.

Section 4. Overnight Restrictions.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

The restrictions on late night service of alcoholic beverages in Executive Order No. 195 are rescinded as of the effective date of this Executive Order.

Section 5. Mass Gatherings.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

5.1. **Prohibition.** Mass Gatherings are prohibited. “Mass Gathering” means an event or convening which is in a category not otherwise covered by this Executive Order, is not excepted by the following provisions of this Executive Order, and brings together more than fifty (50) people indoors or more than one hundred (100) people outdoors at the same time in a single confined indoor or outdoor space. In publicly accessible indoor facilities, the Mass Gathering limit applies per room of the facility.

At a park, beach, or trail, or at outdoor events such as parades, running races or festivals, the outdoor Mass Gathering limit of one hundred (100) people applies to each group of people that may gather together.

5.2. **Exceptions from Prohibition on Mass Gatherings.** Notwithstanding the Mass Gathering limit above:

- a. The prohibition on Mass Gatherings does not apply to any of the restricted businesses and operations identified in Section 3 of this Executive Order, except as specifically stated above, because in those situations, transmission of COVID-19 will be controlled through the measures specifically tailored for each situation listed in those Sections. The prohibition on Mass Gatherings and the capacity limits in Section 3 generally do not apply to educational institutions or government operations. The capacity limits in Section 3.2 of this Executive Order, however, apply to educational institutions and government operations.
- b. The prohibition on Mass Gatherings does not include gatherings for health and safety, to look for and obtain goods and services, for work, or for receiving governmental services. A Mass Gathering does not include normal operations at airports, bus and train stations or stops, medical facilities, libraries, shopping malls, and shopping centers. However, in those settings, people must follow the Recommendations to

Promote Social Distancing and Reduce Transmission as much as possible, and they should circulate within the space so that there is minimal contact between people.

5.3. **Drive-Ins.** Events are not prohibited Mass Gatherings if the participants all stay within their vehicle, such as at a drive-in movie theater. Drive-in events are also not subject to the capacity limitations specified herein in Sections 3 and 6 of this Executive Order, provided that all participants stay in their vehicle, except to enter, leave, use amenities, visit the restroom, and obtain food or drink.

Section 6. Additional Restrictions for Larger Venues.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

Indoor facilities with seating capacity greater than five thousand (5,000) and outdoor facilities with seating capacity greater than ten thousand (10,000) must take the following additional measures.

6.1 **Limiting Crowding in Concourses.** The facility operator must have staff direct or monitor the flow of Guests through common spaces to maintain social distancing as Guests enter the arena, leave the arena, or visit concession stands. The operator must also establish a guest flow plan that limits people massing together throughout the facility and when they are entering or exiting the facility.

6.2 **Socially Distanced Seating Required.** The establishment must use assigned seats as follows:

- a. All events must be ticketed. No tickets shall be sold for “standing room only” or “general admission.”
- b. The facility operator must, through the use of assigned seating, ensure that each group of Guests attending the event is actually physically separated by six (6) feet from each Guest in each other group.
- c. This includes not only separating each Guest group horizontally within a row, but also separating Guest groups vertically between rows so that no person has someone from another group within six (6) feet in front or behind them.
- d. The facility operator must have staff periodically monitor crowds to ensure that Guests do not take seats other than their assigned seats.

In this Subsection, a “group” of spectators means a set of friends or family members who bought tickets together and came into the event venue together.

Section 7. Miscellaneous Provisions.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

7.1. **Statewide Standing Order for COVID-19 Testing.** In order to further protect the public health by providing greater access to COVID-19 testing, the undersigned orders the State Health Director, in addition to and in accordance with her powers set out in N.C. Gen. Stat. Chapter 130A, to issue any statewide standing order needed in her medical judgment that would allow individuals who meet NCDHHS criteria for testing to access and undergo testing for COVID-19, subject to the terms of the standing order. This standing order may continue for the duration of the State of Emergency.

7.2. **School and Health Officials to Continue Efforts.** NCDHHS, the North Carolina Department of Public Instruction, and the North Carolina State Board of Education are directed to continue to work together during this State of Emergency to maintain and implement measures to provide for the health, nutrition, safety, educational needs, and well-being of children being taught by remote learning.

7.3. **Effect on Local Emergency Management Orders.**

- a. **Most of the Restrictions in This Executive Order Are Minimum Requirements, And Local Governments Can Impose Greater Restrictions.** The undersigned recognizes that the impact of COVID-19 has been and will likely continue to be different in different

parts of North Carolina. Over the course of the COVID-19 emergency in North Carolina, COVID-19 outbreaks have occurred, at different times, in urban and rural areas; in coastal areas, the piedmont, and the mountains; and in a variety of employment and living settings. As such, the undersigned acknowledges that counties and cities may deem it necessary to adopt ordinances and issue state of emergency declarations which impose restrictions or prohibitions to the extent authorized under North Carolina law, such as on the activity of people and businesses, to a greater degree than in this Executive Order. To that end, nothing herein, except where specifically stated below in Subsections 7.3(b) and 7.3(c), is intended to limit or prohibit counties and cities in North Carolina from enacting ordinances and issuing state of emergency declarations which impose greater restrictions or prohibitions to the extent authorized under North Carolina law.

- b. Local Restrictions Cannot Restrict State or Federal Government Operations. Notwithstanding Subsection 7.3(a) above, no county or city ordinance or declaration shall have the effect of restricting or prohibiting governmental operations of the State or the United States.
- c. Local Restrictions Cannot Set Different Retail Requirements. Notwithstanding Subsection 7.3(a) above, in an effort to create uniformity across the state for Retail Businesses that may continue to operate, the undersigned amends all local prohibitions and restrictions imposed under any local state of emergency declarations to remove any language that sets a different maximum occupancy standard for Retail Businesses or otherwise directly conflicts with Section 6.2(a)(i) of Executive Order No. 163, which is incorporated into this Executive Order by Subsection 3.15 above. The undersigned also hereby prohibits during the pendency of this Executive Order the adoption of any prohibitions and restrictions under any local state of emergency declarations that set a different maximum occupancy standard for Retail Businesses or otherwise directly conflict with Section 6.2(a)(i) of Executive Order No. 163.
- d. Local Restrictions Cannot Prevent COVID-19 Testing. To ensure that COVID-19 testing is available to the maximum extent possible, and to create certainty and uniformity across the state for businesses and operations that are providing this valuable testing, the undersigned specifically prohibits all local prohibitions and restrictions that would prevent or restrict businesses or operations from providing COVID-19 testing or would prevent or restrict businesses or operations from advertising COVID-19 testing services that they are providing to the public. This preemption includes, but is not limited to, building permits, signage restrictions, and zoning requirements. However, the preemption provided by this Section is available only to COVID-19 testing sites that are operated in accordance with state and federal law and in cooperation with the NCDHHS or a local public health department.
- e. Local Restrictions Cannot Prevent COVID-19 Vaccine Administration. To ensure that COVID-19 vaccines are available to the maximum extent possible, and to create certainty and uniformity across the state for businesses and operations that are providing this valuable service, the undersigned specifically prohibits all local prohibitions and restrictions that would prevent or restrict businesses or operations from providing COVID-19 vaccines or would prevent or restrict businesses or operations from advertising COVID-19 vaccines that they are providing to the public. This preemption includes, but is not limited to, building permits, signage restrictions and zoning requirements. However, the preemption provided by this Section is available only to COVID-19 vaccination sites that are operated in accordance with state and federal law and in cooperation with the NCDHHS or a local public health department.

7.4. Previous Executive Orders. This Executive Order amends, restates, and replaces Executive Order Nos. 141, 153, 162, 163, 169, 170, 176, 180, 181, 188, 189, and 195 in full, except where Subsection 3.4(b) of this Executive Order incorporates certain requirements of Executive Order No. 141. Those incorporated provisions of Executive Order No. 141 are extended for

the duration of this Executive Order, including any extensions or amendments of this Executive Order.

Section 8. Extension of Price Gouging Period.

For the reasons and pursuant to the authority set forth above, the undersigned orders as follows:

Pursuant to N.C. Gen. Stat. § 166A-19.23, the undersigned extends the prohibition against excessive pricing, as provided in N.C. Gen. Stat. §§ 75-37 and 75-38, from the issuance of Executive Order No. 116 through 5:00 pm on April 30, 2021.

The undersigned further hereby encourages the North Carolina Attorney General to use all resources available to monitor reports of abusive trade practices towards consumers and make readily available opportunities to report to the public any price gouging and unfair or deceptive trade practices under Chapter 75 of the North Carolina General Statutes.

Section 9. No Private Right of Action.

This Executive Order is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of North Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any emergency management worker (as defined in N.C. Gen. Stat. § 166A-19.60) or any other person.

Section 10. Savings Clause.

If any provision of this Executive Order or its application to any person or circumstances is held invalid by any court of competent jurisdiction, this invalidity does not affect any other provision or application of this Executive Order, which can be given effect without the invalid provision or application. To achieve this purpose, the provisions of this Executive Order are declared to be severable.

Section 11. Distribution.

I hereby order that this Executive Order be: (1) distributed to the news media and other organizations calculated to bring its contents to the attention of the general public; (2) promptly filed with the Secretary of the North Carolina Department of Public Safety, the Secretary of State, and the superior court clerks in the counties to which it applies, unless the circumstances of the State of Emergency would prevent or impede such filing; and (3) distributed to others as necessary to ensure proper implementation of this Executive Order.

Section 12. Enforcement.

- 12.1. Pursuant to N.C. Gen. Stat. § 166A-19.30(a)(2), the provisions of this Executive Order shall be enforced by state and local law enforcement officers.
- 12.2. A violation of this Executive Order may be subject to prosecution pursuant to N.C. Gen. Stat. § 166A-19.30(d), and is punishable as a Class 2 misdemeanor in accordance with N.C. Gen. Stat. § 14-288.20A. Local governments are specifically authorized and encouraged to adopt ordinances that provide law enforcement officials with flexibility to use civil, rather than criminal, penalties to enforce violations of this Executive Order.
- 12.3. Nothing in this Executive Order shall be construed to preempt or overrule a court order regarding an individual's conduct (e.g., a Domestic Violence Protection Order or similar orders limiting an individual's access to a particular place).

Section 13. Effective Date.

This Executive Order is effective March 26, 2021, at 5:00 pm. This Executive Order shall remain in effect through 5:00 pm on April 30, 2021 unless repealed, replaced, or rescinded by another applicable Executive Order. An Executive Order rescinding the Declaration of the State of Emergency will automatically rescind this Executive Order.

IN WITNESS WHEREOF, I have hereunto signed my name and affixed the Great Seal of the State of North Carolina at the Capitol in the City of Raleigh, this 23rd day of March in the year of our Lord two thousand and twenty-one.

Roy Cooper
Governor

ATTEST:

Elaine F. Marshall
Secretary of State

APPENDIX A: Core Signage, Screening, and Sanitation Requirements

The following are the “Core Signage, Screening, and Sanitation Requirements”:

1. Post the Emergency Maximum Occupancy in a noticeable place.
2. Post signage reminding Guests and workers about social distancing (staying at least six (6) feet away from others) and requesting that people who have been symptomatic with fever and/or cough not enter.
3. Immediately isolate and remove sick workers.
4. Perform frequent and routine environmental cleaning and disinfection of high-touch areas with an EPA-approved disinfectant for SARS-CoV-2 (the virus that causes COVID-19).

APPENDIX B: Additional Health and Safety Requirements for Amusement Parks

1. Spread out waiting lines for rides, amusements, and other areas where people may congregate or wait, with each group separated by six (6) feet.
2. The operator must mark six (6) feet of spacing along the line and in waiting areas for rides and amusements and other areas where people may congregate or wait.
3. Establish a Guest flow plan that limits people massing together throughout the park and when they are entering or exiting the park.
4. Increase indoor disinfection of high-touch surfaces during high customer density times.
5. Provide alcohol-based hand sanitizer (with at least 60% alcohol) at the entrance and at other areas throughout the premises as needed. Promote frequent use of hand-washing and hand sanitizer for workers and Guests.
6. Follow the restrictions set out in Subsection 3.14 and Appendix I of this Executive Order for any food, beverage, and retail service.
7. Follow the Core Signage, Screening and Sanitation Requirements as defined in Appendix A this Executive Order.

APPENDIX C: Additional Health and Safety Requirements for Bars, Night Spots, and Arenas and All Other Facilities Covered by Subsection 3.2

1. Mark six (6) feet of spacing in lines at high-traffic areas for Guests.
2. Promote frequent use of hand-washing and hand sanitizer for waitstaff and food service staff throughout the shift and upon reporting to work. Hand-washing must at least meet the requirements specified in the North Carolina Food Code Manual.
3. Provide alcohol-based hand sanitizer (with at least 60% alcohol) at the entrance and at other areas throughout the premises as needed. Promote frequent use of hand-washing and hand sanitizer for workers and Guests.
4. Increase disinfection during peak times or high Guest density times, and disinfect all shared objects (e.g., payment terminals, tables, countertops/bars, receipt trays, and reusable menus) between use.
5. The facility must arrange the space so that Guests sitting at a counter or table are not within six (6) feet of any Guests sitting at another counter or table. Moreover, each group of Guests sitting at a counter should be separated from other groups by six (6) feet. Entertainers also must stay at least six (6) feet away from any Guest. People sitting at a table need not be members of the same household and do not need to stay six (6) feet apart. Moreover, this Executive Order does not require waitstaff to stay six (6) feet away from Guests.
6. Follow all applicable NCDHHS guidelines.
7. Follow the restrictions set out in Subsection 3.14 and Appendix I of this Executive Order for any food or beverage service.
8. Follow the Core Signage, Screening and Sanitation Requirements as defined in Appendix A to this Executive Order.

**APPENDIX D: Additional Health and Safety Requirements for Child
Care Facilities**

1. Immediately isolate sick workers and children from the rest of the facility and send them home.
2. Have a plan to work with local health departments to identify close contacts of confirmed cases in the child care setting.
3. Follow all applicable NCDHHS guidelines.
4. Follow the Core Signage, Screening, and Sanitation Requirements as defined in Appendix A to this Executive Order.

APPENDIX E: Additional Health and Safety Requirements for Fitness and Activity Facilities

1. Promote frequent use of hand-washing and hand sanitizer for workers and Guests. Require workers to wash hands immediately upon reporting to work, after contact with Guests, after performing cleaning and disinfecting activities, and frequently throughout the day.
2. Disinfect all shared equipment between users with an EPA-approved disinfectant for SARS-CoV-2 (the virus that causes COVID-19). Allow the disinfectant to sit for the adequate amount of time stated by the manufacturer. If Guests are to clean equipment, the establishment must provide instructions on how to properly disinfect equipment and on the adequate amount of time that the disinfectant must sit to be effective.
3. Increase disinfection during peak times or high-population-density times.
4. Mark six (6) feet of spacing in lines at point of sale and in other high-traffic areas for Guests.
5. Post the Emergency Maximum Occupancy of any room or other enclosed space at the door to that space.
6. Take the following Social Distancing Measures.
 - a. Spread Out Guests and Equipment. Operators of Fitness and Physical Activity Facilities must:
 - i. For activities involving Guests spread out among fixed equipment or lanes, tape off or move the equipment, or restrict access to lanes, so that the Guests conducting the exercise activity are at least six (6) feet apart.
 - ii. For group classes or group activities, ensure that all Guests are spaced at least six (6) feet apart. Instructors may come within six (6) feet of students for brief periods of time (less than 15 minutes).
 - b. Seating in Waiting Areas. For Guests waiting to take their turn in the activity, operators must space out any seating so that Guests can be socially distanced and stay six (6) feet apart from each other.
7. Follow all applicable NCDHHS guidelines.
8. Follow the restrictions set out in Sections 3.14 and Appendix I of this Executive Order for any food and beverage service.
9. Follow the Core Signage, Screening and Sanitation Requirements as defined in Appendix A to this Executive Order.

**APPENDIX F: Additional Health and Safety Requirements for Meeting Spaces,
Conference Centers, and Reception Venues**

1. Mark six (6) feet of spacing in lines at point of sale and in other high-traffic areas for Guests.
2. Provide alcohol-based hand sanitizer (with at least 60% alcohol) at the entrance and at other areas throughout the premises as needed. Promote frequent use of hand-washing and hand sanitizer for workers and Guests.
3. Increase disinfection during peak times or high Guest density times, and disinfect all shared objects (e.g., payment terminals, tables, countertops/bars, receipt trays, condiment holders) between use.
4. The facility must arrange the space so that Guests sitting at a counter or table are not within six (6) feet of any Guests sitting at another counter or table. Moreover, each group of Guests sitting at a counter should be separated from other groups by six (6) feet. Entertainers also must stay at least six (6) feet away from any Guest. People sitting at a table need not be members of the same household and do not need to stay six (6) feet apart. Moreover, this Executive Order does not require waitstaff to stay six (6) feet away from Guests.
5. Follow all applicable NCDHHS guidelines.
6. Follow the restrictions set out in Subsection 3.14 and Appendix I of this Executive Order for any food or beverage service.
7. Follow the Core Signage, Screening and Sanitation Requirements as defined in Appendix A to this Executive Order.

APPENDIX G: Additional Health and Safety Requirements for Movie Theaters and Gaming

1. Mark six (6) feet of spacing in lines at point of sale and in other high-traffic areas for Guests.
2. Provide alcohol-based hand sanitizer (with at least 60% alcohol) at the entrance and at other areas throughout the premises as needed. Promote frequent use of hand-washing and hand sanitizer for workers and Guests.
3. Increase disinfection during peak times or high Guest density times, and disinfect all shared objects (e.g., payment terminals, tables, countertops/bars, receipt trays, condiment holders) between use.
4. The facility must arrange the space so that Guests sitting at a counter or table are not within six (6) feet of any Guests sitting at another counter or table. Moreover, each group of Guests sitting at a counter should be separated from other groups by six (6) feet. Entertainers must also stay at least six (6) feet away from any Guest. People sitting at a table need not be members of the same household and do not need to stay six (6) feet apart. Moreover, this Executive Order does not require waitstaff to stay six (6) feet away from Guests.
5. Follow all applicable NCDHHS guidelines.
6. Follow the restrictions set out in Subsection 3.14 and Appendix I of this Executive Order for any food or beverage service.
7. Follow the Core Signage, Screening and Sanitation Requirements as defined in Appendix A to this Executive Order.

APPENDIX H: Additional Health and Safety Requirements for Personal Care and Grooming Businesses

1. Arrange seating so that groups of Guests are separated from one another by six (6) feet.
2. Follow the Core Signage, Screening, and Sanitation Requirements as defined in Appendix A of this Executive Order, except for the requirement to have signage remind people about staying six (6) feet apart.
3. Ensure that all equipment that comes into direct personal contact with Guests and all furniture in service areas (such as chairs, capes, and the shampooing area in a barber shop or salon) is completely cleaned and disinfected between each Guest.
4. Mark six (6) feet of spacing in lines at point of sale and in other high-traffic areas for Guests, such as at cash registers and waiting areas.
5. Follow all applicable NCDHHS guidelines.

APPENDIX I: Additional Health and Safety Requirements for Restaurants

1. Increase disinfection during peak times or high Guest density times, and disinfect all shared objects (e.g., dining tables, booths, counters, payment terminals, tables, countertops/bars, receipt trays, condiment holders, and reusable menus) between each use.
2. Promote frequent use of hand-washing and hand sanitizer for wait staff and food service staff throughout the shift and upon reporting to work. Hand-washing must at least meet the requirements specified in the North Carolina Food Code Manual.
3. Mark six (6) feet of spacing in lines at high-traffic areas for Guests, such as a cash register or place where Guests wait to be seated at their table.
4. Arrange the Restaurant so that Guests sitting at a counter or table are not within six (6) feet of any Guests sitting at another counter or table. Moreover, each group of Guests sitting at a counter should be separated from other groups by six (6) feet. Entertainers also must stay at least six (6) feet away from any Guest. People sitting at a table need not be members of the same household and do not need to stay six (6) feet apart. Moreover, this Executive Order does not require servers and wait staff to stay six (6) feet away from Guests.
5. Follow all applicable NCDHHS guidelines.
6. Follow the Core Signage, Screening, and Sanitation Requirements as defined in Appendix A of this Executive Order.
